

Our individual and collective efforts create the legacy of NMC. In order to achieve our mission, we are individually committed and responsible to live these values:

Learning is at the center of all we strive to achieve. It is the foundation upon which an enlightened citizenry and a dynamic community are built and is a lifelong process in which we are all engaged.

We will continuously improve the learning experience and its relevance to those we serve through **innovation, agility and thoughtful risk-taking**.

Our actions are governed by the highest degree of **ethics, integrity and personal responsibility**, exhibited through **transparency, openness and trust**.

We each will practice **responsible stewardship** for the human, physical, financial and environmental resources entrusted to our care.

Each of us will strive to **exceed expectations** for quality and service in all that we do.

We **value all people** and will invest in their personal and professional growth and development.

We will **exhibit foresight** by monitoring the changing world around us and taking actions today that prepare us to meet future needs of our communities.

We will **seek others** who share our vision and values, and **collaborate** with them on behalf of our communities.
