* You can place out of this class with ASSET.

**If you take CD 206, you are eligible for an endorsement on your certificate from the Child Development Coordinator in the Social Science Office.

***The service learning experience will allow you to have an early childhood lab experience (required by most schools that have an early childhood program). Placements can be arranged through the Service Learning Coordinator, Linda Anderson (922-1294) or the Social Sciences Division office (922-1290).

(continued)

CD 101, CD 202, CD 203, CD 204, CD 220, PSY 212 and SOC 211 are all required classes to meet the Child Development Concentration. The child development program outlined above, meets the MACRO agreement if classes taken in Humanities and Math/Science, have more than one department represented and are from Group I offerings.

If you are going into elementary education, please consult the transfer guide from the school you wish to transfer to, or see a counselor.
