Meeting Agenda

Monday, June 24, 2024

Timothy J. Nelson Innovation Center
Room 106/107

5:30 p.m. Regular Meeting

I. GENERAL BUSINESS
   A. Call to Order
   B. Roll Call
   C. Pledge of Allegiance
   D. Review of Agenda and Approval of Additions, Deletions, or Rearrangements
   E. Budget Hearing—including the proposed property tax millage rate
      Recommend that the regular meeting be closed and the budget hearing opened
      (Roll Call Vote)
      1. FY25 Budget Review—Troy Kierczynski, Vice President of Finance and Administration
      2. Public Comment
      3. Adjournment
      Recommend that the budget hearing be closed and the regular meeting be reconvened.
      (Roll Call Vote)

II. STRATEGIC FOCUS
   F. Mission & Values in Action—Sydney Richardson
   G. Program Focus: Office of Possibilities—Will Kitchen, Co-Director
   H. Strategy 4: Community Partnership & Engagement—Jason Slade, Vice President of Strategic Initiatives

III. REPORTS AND PRESENTATIONS
   I. Faculty Report: Center for Instructional Excellence, Janet Lively, Communications Instructor and Director of CIE

IV. PUBLIC INPUT
   Each person wishing to address the Board during public comment must be present and shall provide their name, address, city, phone, and issue to be addressed on a form provided prior to the meeting. The topic addressed should be related to business within the jurisdiction of the Board. Forms will be collected and given to the Board Chair prior to the call for order. Comments will be limited to (3) three minutes in length per speaker. The Board will take public remarks into consideration, but will not comment at time of input.
V. UPDATES/DISCUSSION
   J. President’s Update—President Nick Nissley
   K. Board Chair Update—Laura Oblinger, Chair

VI. CONSENT ITEMS (Pursuant to Policy A-105.00 Consent Agenda Items)
These items will be adopted as a group without specific discussion. When approving the
meeting agenda, any Board member may request that a consent agenda item be moved to the
regular agenda for discussion or questions.

Recommend that the following items be approved:
   L. Minutes of the May 20, 2024, regular meeting
   M. Minutes of the May 22, 2024, special meeting
   N. Minutes of the June 11, 2024, special meeting
   O. Enrollment Report—Todd Neibauer, Vice President for Student Services and
      Technologies
   P. Financial Report—Troy Kierczynski, Vice President of Finance and Administration
   Q. PRMC—Diana Fairbanks, Associate Vice President of Public Relations, Marketing, and
      Communications
   R. Foundation Report—Carly McCall, Director of Alumni Engagement
   S. Policy Committee—Chris Bott, Committee Chair
   T. Building and Site Committee—Ken Warner, Committee Chair
   U. Audit Committee—Kennard Weaver, Committee Chair

VII. ACTION ITEMS
V. Campus Facilities Plan (Pursuant to Policy A-106.00 Facilities)
   Recommend that the Board of Trustees approve the NMC Campus Facilities Plan as
   included with the materials for their June 24, 2024 Board meeting.

W. Freshwater Research and Innovation Center (Pursuant to Policy A-106.00 Other)
   Authorize President Nissley to sign the Articles of Incorporation, forming the nonprofit
corporation, The Freshwater Center, with Discovery Center and Pier.

X. Financial Support of the Freshwater Center (Pursuant to Policy A-106.00 Finance)
   Recommend authorization to provide a $3,000,000 commitment to the development of The
Freshwater Center.

Y. Certification of Taxes (Pursuant to Policy A-106.00 Finance)
   Recommend adoption of resolution to authorize the millage rate of 2.03 mills be levied
   for operation purposes for FY25.

Z. Adoption of Budgets and Tuition Rates (Pursuant to Policy A-106.00 (Finance)
   Recommend adoption of budget resolutions and budgets based on the tuition and fee rates
   for the FY25 as presented.
Board of Trustees

June 24, 2024 Meeting Agenda

Page 3

AA. **Blanket Purchase Orders** (Pursuant to Policy A-106.00 Finance)
   Recommend authorization for administration to create blanket purchase orders for each vendor identified on the presented spreadsheet for the total of the estimate FY25 costs.

BB. **Benefits Advisor** (Pursuant to Policy A-106.00 Finance)
   Authorize the administration to enter into a contract with Gallagher Benefit Services, Inc. in the amount of $59,000 in FY25, $60,770 in FY26, and $62,593 in FY27 to provide ongoing services as NMC’s benefit advisors/brokers. The source of funds will be the general fund operating budget.

CC. **Annexation of Benzie County Ballot Language** (Pursuant to Policy A-106.00 Other)
   Recommend adoption of updated ballot proposition language for annexation of Benzie County to join the Northwestern Michigan College district.

DD. **Backup Storage System Replacement** (Pursuant to Policy A-106.00 Finances)
   Recommend authorization for administration to enter into a contract with Thinkmate for the replacement of the Backup Storage System at a cost of $138,373. The purchase will be funded by the Technology Plant fund.

EE. **Foundation Board Appointments** (Pursuant to NMC Foundation Bylaws)
   Recommend approval of the reappointment of Suzanne Allen, Lorraine Beers, Chris Branson, Bill Donberg, Chris Lamb, Eleanor Lynn, David Shooltz, Timothy Young, and Nancy Zimmer to the NMC Foundation Board for a term of three fiscal years, commencing July 1, 2024, and ending June 30, 2027.

FF. **Parsons Stulen Roof** (Pursuant to Policy A-106.00 Finances)
   Recommend authorization for administration to enter into a contract with Full Spectrum Coatings in the amount of $108,500 to complete the work on the Parsons-Stulen roof. The source of funds is the annual Plant Fund budget.

GG. **University Center Boiler Upgrade** (Pursuant to Policy A-106.00 Finances)
   Recommend authorization for administration to enter into a contract with Temperature Control, Inc. for $140,900 to complete the boiler upgrade. The source of funds is the annual Plant Fund budget.

HH. **Waste Removal** (Pursuant to Policy A-106.00 Finances)
   Recommend authorization for administration to enter into a contract with GFL Environment for $35,520 for weekly refuse removal and recycling for a period of one (1) year beginning September 1, 2024, with a renewal option for two more years. The source of funds is the annual general fund operating budget.

II. **East Hall Floor Care** (Pursuant to Policy A-106.00 Finances)
   Recommend authorization for administration to enter into a contract with Modernistic, in the amount of $42,431.43 to complete floor stripping and waxing in East Hall. The source of funds is the annual Plant Fund budget.
JJ. **Board Policies** (Pursuant to Policy A-106.00 Other)
Recommend adoption of the following amended Board policies on a first-reading basis:
- A-106.00 Items for Specific Board Approval
- D-500.00 Operations
- D-600.00 Champion
- D-700.00 Culture

KK. **Closed Session** (Pursuant to Policy B-102.00 Monitoring Presidential Performance)
Recommend that the Board adjourn the open session and consider in closed session (pursuant to Subsection 8 [a] of the Michigan Open Meetings Act) the annual mid-year performance evaluation of the president, per his request for a closed session. *(Roll Call Vote)*

LL. **Reconvene Regular Meeting** (Pursuant to Policy A-106.00 Other)
Recommend the closed session adjourn and the open session of the regular meeting be reconvened. *(Roll Call Vote)*

VIII. **REVIEW OF FOLLOW-UP REQUESTS**
Confirm requests made by the Board that require administrative follow-up for information to be provided to the Board at a later date.

IX. **ADJOURNMENT**

**Upcoming Board Meeting Dates:**
*All board meetings are open to the public.*

July 22, 2024 – Aeropark Campus, Parsons-Stulen Room 222/224
August 26, 2024 - Timothy J. Nelson Innovation Center, Room 106/107
October 21, 2024 – Timothy J. Nelson Innovation Center, Room 106/107 **Third Monday**
December 16, 2024 – Timothy J. Nelson Innovation Center, Room 106/107 **Third Monday**

February 24, 2025 – Timothy J Nelson Innovation Center, Room 106/107
March 17, 2025 – Timothy J Nelson Innovation Center, Room 106/107 **Third Monday**

NOTICE OF A PUBLIC HEARING
ON PROPOSED 2024-2025 BUDGET

PLEASE TAKE NOTICE that on June 24, 2024 at 5:30 p.m. at the Timothy J Nelson Innovation Center at Northwestern Michigan College’s main campus in Traverse City, Michigan, the Board of Trustees of Northwestern Michigan College will hold a public hearing to consider the college’s proposed 2023-2024 budget.

The Board may not adopt its proposed 2024-2025 budget until after the public hearing. A copy of the proposed 2024-2025 budget including the proposed property tax millage rate is available for public inspection at:
https://www.nmc.edu/departments/finance-administration/transparency.html

The property tax millage rate proposed to be levied to support the proposed budget will be a subject of this hearing.

This notice is given by order of the Board of Trustees.

Chris M. Bott, Secretary
Memorandum

To: Dr. Nick Nissley, President
From: Troy Kierczynski, Vice President of Finance and Administration
Date: June 17, 2024
Subject: Board of Trustees Budget Material

This packet contains information provided as additional budget detail to the Board of Trustees.

- Budget Process Summary
- Resource Guidelines
- Financial Reserves as of June 30, 2023
- Tax Levy Authorization Resolution
- FY25 General Appropriation Resolution
  - Exhibit 1 – Proposed General Fund Budget
  - Exhibit 2 – Other Transfers Out (In)
  - Exhibit 3 – Plant Fund
  - Exhibit 4 – Combined Budgets—General & Auxiliary Funds
- Auxiliary Funds Budget Summary

Copies will be provided for each Trustee. Thank you.
NMC Budgeting Process
2024/2025 Fiscal Year Planning

The Planning and Budget Council (PBC) was formed during the 1999-2000 academic year by merging the former Planning Council and the former Budget Council. Its purpose is to make recommendations to the President regarding strategic planning design and implementation, operational planning, resource allocation, and the general fund budget. Membership consists of eleven regular members (4 faculty, 3 staff, 1 SGA member, 1 maintenance/custodial staff, and 2 at-large) and additional ex-officio members appointed by the President. The Council meets regularly during the academic year, and ad hoc during the summer months.

PBC’s full responsibilities are listed as follows (per Governance Policy D-502.00):

- To assist the President in developing the strategic plan including recommending goals, measures and targets;
- To identify the institutional capacities needed to be developed to achieve the strategic plan;
- To assess service levels across the institution for providing input on the college budget;
- To recommend revisions to the budget guidelines;
- To help align budget recommendations with strategic and operational plans;
- To provide feedback and suggestions for the budget input variables;
- To recommend allocation of resources guided by the Vice President for Finance and Administration;
- To communicate with member constituencies;
- To orient new council members.
- To address other related topics as deemed necessary by the President

This Council improves budget transparency and communication at the College. Current members are listed as follows:

<table>

</table>
1 – Strategic and Financial Planning
The budget is a financial plan for the priorities of the institution. The budget proposed to the Board of Trustees for adoption should reflect the Strategic Plan and the area operational plans.

2 – Tuition and Fees
Tuition and fees should be considered within the context of the most reasonable estimates of State, local, and private support and projected expenses to support the College’s plans, and projected enrollment and unique program characteristics. Tuition should balance the goal of affordable access to learning opportunities with the goal of high-quality service levels for NMC offerings. Regular tuition increases should be considered as a means to sustain this portion of the revenue mix, while minimizing the year-to-year increases. Fees should be reviewed regularly and increases considered when the cost elements to which they contribute increase. Our in-district students will pay less than out-of-district students because the College receives local tax support from Grand Traverse County residents. For some programs, the College uses differential tuition and fees in excess of the general rates.

3 – Salaries and Benefits Equity
Northwestern Michigan College is committed to attracting and retaining a quality workforce. Equity in salary and benefits is part of the NMC culture and should be expressed within a total compensation package. As part of that package, salary and benefits for faculty and staff will be based on the appropriate peer group or determined in the relevant collective bargaining agreement. The Human Resources office will benchmark non-union employee salaries and wages at least once every three years.

4 – Professional Development
Maintaining and improving the knowledge and skills of the faculty and staff is an investment in the future. Funds should be appropriated annually in the budget for that purpose. Approximately 2.25% of general fund salaries and wages should be appropriated annually in the budget for that purpose.

5 – Faculty and Staff Composition
The College should balance the composition of its workforce between regular employees (those eligible for full benefits) and contingent employees to assure continuity and commitment while maintaining flexibility to implement strategic directions and complete its strategic initiatives in a timely and effective manner. To enhance the smooth transition of personnel, the College has established a contingency for implementing succession decisions.

6 – Technology, Capital Equipment, Maintenance and Renovation
Providing a quality education requires investment in classroom equipment, facilities, and infrastructure. The annual budget should provide for regular maintenance, replacement/upgrade, growth and contingency funding.

7 – Debt Service
Debt Service obligations must be included in the budgeting process at 100% of the current costs.
8 – Financial Reserves
The annual operating budget should include an appropriate allocation for financial reserves. The Vice President of Finance and Administration and Planning and Budget Council shall monitor reserves at least annually. The College identifies the following specific reserves in accordance with Staff Policy D-504.01 Financial Reserves:

A – General Operating Reserve
A fiscally sound institution should maintain adequate operating reserves to meet current obligations, to offset contingencies, and to support unusual cash flows related to the following:

- unexpected declines in enrollment
- unknown state funding commitment or retroactive cuts
- unexpected increases in required contributions to the Michigan Public School Employee Retirement System (MPSERS)
- fluctuations in medical or energy costs, or
- other unusual or extraordinary economic conditions.

Northwestern Michigan College shall maintain a General Operating Reserve equal to three to six months of operating expenses as calculated using the annual General Fund budget. The College will target four-and-a-half months of annual operating expenditures for this reserve.

B – Fund for Transformation
The Fund for Transformation shall be used to fund strategic growth initiatives, emerging opportunities, or other transformational projects. A fund balance equal to two to five percent of annual operating expenses shall be maintained.

C – Plant Fund
Two to five percent of the appraised replacement value (new) of the College’s physical assets, including all campus buildings, fixtures, and equipment, should be invested or maintained in a fund for major maintenance, renovation, or replacement of those assets. Plant fund reserves above two percent will be designated for future buildings.

The College’s auxiliary enterprises may also accumulate net asset reserves. Reserves generated by its residence halls, apartments, bookstore, events center, museum, and cafeteria are designated for reinvestment, capital, and contingency planning for those auxiliary functions. Only the Board of Trustees may authorize, designate, or transfer auxiliary net assets for another purpose.

Additionally, the administration may establish additional reserves as required to comply with generally accepted accounting principles or other external restrictions.
## Northwestern Michigan College

TAX LEVY AUTHORIZATION RESOLUTION
FOR ADOPTION BY THE BOARD OF TRUSTEES OF
NORTHWESTERN MICHIGAN COLLEGE

WHEREAS, the Board of Trustees by resolution of June 24, 2024 proposes a total authorized levy not to exceed \textbf{2.03 mills} within the district for operating purposes for fiscal year 2024-2025; and

WHEREAS, the Board of Trustees has complete authority to establish a maximum of \textbf{2.03 mills} for operating purposes in fiscal year 2024-2025 from within its authorized millage rate; and

WHEREAS, the Board of Trustees held a budget hearing on June 24, 2024 at 5:30 p.m. at the Timothy J. Nelson Innovation Center (Room 106/107) to receive comments from the public regarding the proposed budget; and the budget document contains the requisite “Truth in Budgeting Act.”

NOW THEREFORE, BE IT RESOLVED THAT:

1. For fiscal year 2024-2025, the total millage rate of \textbf{2.03 mills} shall be levied upon property located within the college district.

2. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same are hereby rescinded.
GENERAL APPROPRIATION RESOLUTION
FOR ADOPTION BY THE BOARD
OF TRUSTEES OF NORTHWESTERN MICHIGAN COLLEGE

RESOLVED, that this resolution shall be the general appropriations of Northwestern Michigan College for the fiscal year 2024-2025. A resolution to make appropriations; to provide for the expenditure of the appropriations; and to provide for the disposition of all income received by Northwestern Michigan College.

BE IT FURTHER RESOLVED that the total revenues estimated to be available for appropriations in the General Fund of Northwestern Michigan College for the fiscal year 2024-2025 is as follows:

| Revenue (from Exhibit 1) | $52,353,405 |

BE IT FURTHER RESOLVED, that $52,353,405 of the total available to appropriate in the General Fund is hereby appropriated in the amounts and for the purposes set forth in Exhibit 1.

BE IT FURTHER RESOLVED that the administration is hereby authorized to transfer funds within individual budget lines and activities represented in the approved appropriation without prior Board approval with the provision that such transfers will not increase or surpass the total Board approved appropriation.

To: Dr. Nick Nissley, President
From: Jason Slade, Vice President of Strategic Initiatives
Date: June 18, 2024
Subject: Strategic Initiatives Update: June 24, 2024 Board of Trustees Meeting

Topic: Strategy 4 - Community Partnerships and Engagement

**Strategy 4 - Community Partnerships and Engagement:** Enhance collaborations that advance community engagement, economic and workforce development, and innovative opportunities for lifelong learning. *(Champion: Jason Slade)*

**Summary:**
This strategy is on track with 2 of the 4 objectives currently classified as “green.” These objectives are focused on workforce and technical training, and access to 4-year pathways. While changes in pricing and course cost structure resulted in financial improvements for Extended Educational Services during FY23, work continues in order to improve the financial performance of the department through quarterly budget reviews, new offerings, and expense analysis, classifying this objective as “yellow/red.” Community Partnership activities continue but this objective is becoming more aligned with the Foundation’s strategic plan efforts, allowing the college to maximize resources. Based on this, it is classified “yellow”.

**Highlights and Successes:**
- Objective 2 (Workforce Development) - Extended Educational Services (EES) continues to grow contract training opportunities with industry partners and local employers. The largest training to date is underway with Sara Lee Frozen Bakery (SLFB). This $50,000 contract provides SLFB with two main training tracks: “Leadership & Professional Training: Continuous Improvement” and “New Employee Orientation: Production Staff.” EES trainers include several NMC academic instructors, and a portion of the instruction occurs on site.
  - Additionally, EES has worked with Northshore Dock (manager training), Graceland Fruit (Excel training), Michigan Department of Environmental Health (providing educational speakers for their “Golden Lunch Hour” series), United Way (board training), and Inland Seas (DEIB training).

- Objective 3 (Extended Educational Services) - Extended Educational Services continues to offer courses the community wants and also continues to support college initiatives, while also improving financially through analysis of expenses and revenue, changes in course cost structure, and portfolio optimizations with support from the Business Office. In Fall ’23, EES identified key programming segments in relation to redefining its three main portfolios; Work & Career, Life Enrichment, College for Kids, and deployed a three-tiered strategy for structuring current and new programming opportunities in relation to revenue opportunities. The fourth portfolio or segment of EES is college support.
  - Tier 1 - wide variety of open enrollment, affordable learning opportunities
New Cross-listed Academic Classes (Carpentry, 3D Design Ceramics II, Digital Photography I, Creative Writing, Advanced Creative Writing, Beginning Dance, Dance Appreciation, Modern Dance)
  - Directly benefiting the academic (credit) classes cost to education model
  - Tier 2 - high enrollment, popular programs (eg: culinary classes, College for Kids)
    - Food & Wine Pairing plus 14 Date Night Classes added for Summer 2024
    - 21 new College for Kids classes added for Summer 2024, already at 81% of 2023 total enrollment, and 98% of 2023 net revenue; still taking enrollments through July 2024
  - Tier 3 - customized, high-value learning opportunities (eg, trip to Italy, Sara Lee training)
    - Iceland & Greenland trip departed on May 23rd with 21 registrants
    - Greece trip scheduled for Fall 2024 full with a full waitlist
    - South Africa scheduled for Winter/Spring 2025 - enrollment not yet open
  - College Support
    - Benzie - College 4 Kids kicks off with Husky robotics at Benzie Central and an art class at Grow Benzie’s headquarters in Benzonia this and next week. Nearly 30 Benzie students are registered for the summer academic program GRASP through EES (in total, about 35 new Benzie students to EES)
    - Joint Offerings - EES continues to offer cross listed academic classes to the community, contributing to the cost to educate model for academic department

Objective 4 (Access to 4-year Education) - Efforts continue to be made to make the transition to 4-year institutions easier, including:
  - Renewing or establishing reverse transfer agreements with our transfer partners. These agreements aim to make it easier for students who transfer out of NMC before earning their degree to transfer back credits and graduate with an NMC credential.
  - Advisors in the NMC Advising Center led an effort in partnership with academic areas to develop dual enrollment pathways to assist our high school dual enrolled students with making more informed choices about which courses to take at NMC.
  - NMC Advising is undertaking a “deep dive” into best practices for transfer website architecture and content, with a goal of creating an even more student-centric approach to providing online transfer information. This follows major revisions to transfer guides, “how to” transfer information, and a system for providing the most up-to-date transfer contact information for our 4-year partners.
  - Our partnership with NMU has created two annual workshops that will be offered annually for NMC students and community members, bridging the gap between applying and transferring to college.
  - We are still aiming to enlist our first Direct Connect Dual Admission students in Fall ‘24 between NMC and GVSU’s Allied Health program. This will provide coordinated advising efforts, remove administrative barriers, and create a seamless transfer pathway for NMC students to attend the UC.

Challenges and Opportunities:
  - Continued alignment between Objective 1 (Community Partnerships) and the work of the NMC Foundation as the Foundation looks to engage donors and the community. Foundation staffing has decreased and roles have changed, resulting in Objective 1 being more closely aligned with the work in the Foundation’s strategic plan.
  - Though great gains are being made with new Tier 3 programming, revenue generation continues to be a challenge as EES balances appropriate community pricing while covering expenses. EES also continues to grow in its support of college initiatives including cross-listed academic courses and outreach to Benzie County, which are important for the college, but not designed for revenue enhancement.
- Work has begun on paving a clearer path which blends credit and non-credit offerings to potential students. This includes cross listing classes on both the NMC and EES websites and investigating a “one stop shop” for all NMC potential students and community members. This work may roll into the next strategic plan.

<table>
<thead>
<tr>
<th>Strategy 4 - Community Partnerships and Engagement</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Objective 1:</strong> Leverage and enhance existing partnerships, and identify new key partnerships, in order to increase NMC’s overall job performance in responding to the “community’s learning needs” by 2.5% (3.87 to 3.97) in Grand Traverse County by 2024 using the Community Attitude and Awareness Survey (CAAS).</td>
</tr>

<td></td>
</tr>
</tbody>
</table>

| Objective 3: Providing personal enrichment has become more important for the community with scores increasing from 7.11 to 7.80 over the last three CAAS surveys. NMC will align lifelong learning opportunities to the community’s needs resulting in a less than 17% cancellation rate and be net revenue positive by June 30, 2025. |

Center for Instructional Excellence
Advancing Student Success With Faculty-led Professional Development
June 24, 2024 Janet Lively, CIE Director

A partnership
Center for Teaching and Learning
CIE + Ed Tech
CIE reports to V.P. Educational Services
Mission statement

The Center for Instructional Excellence supports student learning by encouraging faculty-driven initiatives, promoting development of faculty knowledge, and recognizing the achievement of excellence.

Team CIE: Faculty-Led PD

Director: Janet Lively (half-time teaching release)

Office manager: Alice Sluss (Humanities + CIE)

Newsletter and website: Ed Tech

Working Committee: Ryan Bernstein*, Lisa Blackford, Mark Delonge*, Tami Livengood, Hollianne McHugh, Nick Roster, Kristen Salathiel, Rachel Wilczewski

ELI Liaison: Kristy McDonald
CIE supports student learning by...

- Promoting development of faculty knowledge and recognizing achievement of excellence.
- Enhancing faculty connections to the college and each other.
- Supporting college strategic plan and initiatives.

Coffee Club

Want a Book With That Coffee? Join Us April 19

Mark your calendars for the April 19 Coffee Club at 10 a.m. in the Library Reading Room. Nick Roster, NMC Assessment Coordinator, will discuss the Culturally Responsive Teaching & The Brain: Promoting Authentic Engagement and Rigor Among Culturally and Linguistically Diverse Students.

Copies of the book will be available at the meeting. Contact Mark DeLonge if you want a copy in advance!
New Faculty Institute

Meeting Agenda: Jan. 12, 2024

10 a.m. // Innovation Center Room 08 or https://nmc.zoom.us/j/3310734086

Thank you! Any questions?
Dear Board of Trustees,

Since our May Board meeting the following are key updates.

**NMC Budget Update**
We will be presenting a balanced FY25 budget at the June Board meeting. Grand Traverse County equalization recently released that property tax values increased 10.05%, which will result in an approximate $1,000,000 positive impact to the College’s operating revenue. We are proud that our proposed budget has limited next year’s tuition increases to 3% for general programs. A 3% increase to the general fee is also proposed. Troy and I will be holding Budget Town Hall Meetings on June 20 to share the final budget with our college community, and answer questions. We continue to actively manage costs – e.g., this year’s staff restructurings, voluntary separation plan, and EduStaff conversion. And, we’re also continuing to explore and develop revenue diversification opportunities – e.g., events in Lobdell’s, weddings in the Dennos, etc. Additionally, we’re beginning planning for a comprehensive program review process this next year.

**State Budget**
Currently House and Senate leadership are negotiating with the Governor’s office on the overall budget targets. Once there is agreement on these, the Conference Committees will meet, deliberate and pass a budget bill that is a negotiated version of the House/Senate versions. This Conference Committee bill would then go back to the House and Senate for a final vote before being sent to the Governor for her signature. At this point- all signs point to the budget being completed by the statutory deadline of July 1. However discussions on budget targets are ongoing and there is still a long way to go before there is final agreement.

**MCCA Leadership Academy**
On June 10th, I facilitated a class, “Leading Effective Teams”, for MCCA’s Leadership Academy. It afforded me an opportunity to reflect on ‘where we’ve been’ and ‘where we’re going’ while contributing to the leadership development of Michigan’s next generation of community college executive leadership. I will add, that Hollie DeWalt and I have begun interviewing leadership development
consultants to help us with a five-year team/leadership development plan for President’s Council, to be sure that we’re developing the college’s executive team’s capability to deliver on some very big plans – e.g., the Campus Master Plan, the Freshwater Research and Innovation Center, the Aviation Expansion Plan, annexation possibilities, the restructuring of the Foundation’s leadership and the hiring and onboarding of the College’s new Chief Advancement Officer, as well as this next year’s need to develop our ‘next, Next’ (the College’s new strategic plan). I want to be sure that I’m doing everything possible to maximize our team’s probability of success (and, in turn, the College’s success).

**Benzie County Annexation Possibility**
We’ve begun working with Byrum Fisk, shaping our plans for communicating and engaging with voters in Benzie County. We’re meeting weekly with our NMC staff team, the Board Chair, and Byrum Fisk, to coordinate our work. Updated ballot proposal language is forthcoming, with the intention of clarifying language for voters.

**Chief Advancement Officer Selection**
At the end of April, the Search Committee interviewed six semi-finalists and recommended three candidates be moved forward. These candidates visited campus on May 21, 24, and 28 respectively. Each candidate introduced themselves to campus during an open forum presentation, as well as a ‘meet and greet’ reception. Board of Trustees, Foundation Board members, and our College employees had the opportunity to attend the open forums and receptions, to meet the finalists. On June 3, I extended an offer to the finalist candidate, Dino Hernandez, after reengaging with Search Committee members, Foundation Board members and Trustees who attended the campus visits, as well as a number of College employees who also participated in the candidates’ visit. They shared their feedback with me. The support for Dino’s selection was overwhelmingly clear. He has since formally accepted the offer, and he’ll be beginning at NMC on August 1. He has already visited Traverse City to begin house hunting. Needless to say, I’m very excited to welcome him. Especially, as we’re approaching the College’s 75th anniversary and have many key fundraising needs identified – e.g., the Aviation expansion and mini-campaign, the multitude of facility needs identified in the Campus Master Plan, the Freshwater Research and Innovation Center, as well as many programmatic needs – e.g., the College’s innovation agenda and the Office of Possibilities, and 3D printing technology for home construction in our Construction Trades Program. Lynne will be coordinating his onboarding. If you have any specific input to that, please reach out to her.

**Campus Safety and Emergency Preparedness**
With the Board’s April authorization to contract with Security Risk Management Consultants (SRMC) to conduct a campus-wide safety and security assessment, SRMC began conducting their on-site assessment of NMC facilities during the week of June 3. The work entails:

- Evaluating the effectiveness of the College’s present security program, including the security systems (access control, video surveillance, intrusion detection, emergency phones, mass notification, duress alarms, etc.), security staffing and structure, parking lot security, lighting, lock and key control, policies and procedures, incident reporting, workplace violence prevention and training, emergency management, crime prevention through environmental design features (including grounds, buildings, parking lots, lighting and landscaping), and other security and operational considerations.
- Identifying and analyzing direct and indirect threats to, as well as potential vulnerabilities of students, faculty, staff, visitors, and the facilities.
- Identifying potential gaps between current operations and best practices, taking into consideration future expansion, industry trends, and the College’s strategic plan.
- Providing specific prioritized recommendations to optimize the security programming for the College.
- And, providing a “road map” for enhancements and mitigation measures with order of magnitude costs for implementation.

**Comprehensive Brand Assessment and Strategy Development**

Stamats data team is distilling key takeaways from the interviews/surveys/research they’ve been conducting to inform the Discovery Report. They will present this report to President’s Council soon, and we will share the findings with the Board of Trustees in July. From there, the Stamats team, in collaboration with NMC, will spend the next several months developing the elements of the brand strategy. As we shared last month, this important work will guide NMC in how to best leverage our strengths and unique value proposition.

**Campus Facilities Master Plan**

A discussion, affording a ‘deep dive’ of the draft facilities master plan was held on May 22. The goals of the Study Session were to get trustee input on the budget and priorities for projects in advance of proposed approval of the plan at the June regular Board meeting. The input was critical to our further improving the plan and moving it into final draft form in advance of the June 24 regular meeting.

**Freshwater Research and Innovation Center**

The May 22 Study Session also afforded an opportunity for a ‘deeper dive’ (pun intended) on the Freshwater Research and Innovation Center. Vice President of Strategic Initiatives Jason Slade provided an update on the project’s development, key points related to the Articles of Incorporation and By Laws, as well as next steps. We will look forward to your vote to approve the College’s investment and authorizing me to enter into the Articles of Incorporation to form the legal entity, and launch its operations.

**Fellows Celebration 2024**

On June 6 we held the Fellows Celebration 2024, honoring Tim Nelson and Nancy Johnson, Jack and Karen Segal, and Bill Donberg. Simply, it was an outstanding event - a room full of support for NMC and the people who make our college so extraordinary. As you know, it brings the College and community together, unlike any other gathering, spilling over with pride. A special thanks to our Trustees, for once again 'showing up' and supporting NMC. Your donation of such significant amounts of time goes unrecognized by many. I, however, see it day in and day out, and appreciate your engagement - from events like this, to board and committee meetings, and community engagements. A special thanks for sharing such passionate, powerful, heartfelt words, honoring the Fellows and proudly lifting up the College.

**MiLEAP Staffing**

Governor Whitmer announced the appointment of Mott Community College President, Beverly Walker-Griffea to be the first director of the new Michigan Department on Lifelong Education, Advancement, and Potential (MiLEAP). She is scheduled to begin her new role June 24. We are pleased to have a former community college president in this role; especially in the inaugural role of a state department set up to coordinate community college affairs.
**Points of Pride**

While there’s always many things to be proud about, given accomplishments on campus, the following are highlights:

1. Cheryl Bloomquist, NMC’s Early Childhood Development Program Coordinator, received the Mary Merwin Voices for Children Award. Established in 2005, the Mary Merwin Voice for Children Award is presented by the Great Start Collaborative of Traverse Bay to an individual who has provided outstanding leadership, focus and action in the region’s early childhood field.

2. Beckie Wooters, NMC’s Dental Assistant program director, has been named the 2024 Allied Dental Professional Educator by the Michigan Dental Association. Wooters was selected for NMC’s articulation agreement with Bay Mills Community College, which seeks to enroll students from the tribal college in the U.P. at NMC in order to increase access to dental care.

3. Northwestern Michigan College hosted the Annual Pride Carnival, on Saturday, June 8 as part of Up North Pride’s Pride Month events. Despite the cold, rainy day, the event was very well attended, bringing our community together on the NMC campus. The fantastic line-up included an array of food vendors, engaging activities from local non-profit organizations, and carnival-style attractions.

4. On May 16, the International Affairs Forum hosted a very well-received program on indigenous sovereignty and tribal rights with Matthew Fletcher, Harry Burns Hutchins Professor of Collegiate Law at the University of Michigan. Fletcher teaches and writes in the areas of federal Indian law, American Indian tribal law, Anishinaabe legal and political philosophy, constitutional law, federal courts, and legal ethics. The hybrid audience numbered 195 in person and online, including 15 viewers gathered at the Old Art Building in Leland, IAF’s first satellite livestream partner, active since February.

**Trends in Higher Education Articles**

As promised, I’m sharing relevant articles (that I and President’s Council have been reading) that speak to trends, risks, challenges, and opportunities in community colleges, to help keep us informed and to invite conversation about how NMC is addressing such issues. This month, I’m sharing:

- [Oakland University, Oakland Community College partner on new student housing initiative](https://www.oakland.edu/news/oakland-university-oakland-community-college-partner-on-new-student-housing-initiative) – Oakland University News

**Upcoming Dates of Note**

- **June 15** – Rotary’s Kids Free Fishing Day at Great Lakes Campus
- **June 20** – Budget Town Hall Meetings
- **June 24** – Regular monthly Board of Trustees meeting, TJNIC 106/107

Re: State/Federal Legislative Update

State

State Budget
The Legislature has formed a conference committee made up of House and Senate members to negotiate final budget bills. Before they complete their work, overall budget targets need to be set. These are currently being finalized between the Governor and House and Senate leadership. Once budget targets are set, the conference committee will meet and pass a final budget bill, sending it to the House and Senate for final approval and the Governor for her signature. While it is still likely that the budget will be completed by the statutory deadline of July 1, discussions over economic development incentives have monopolized the time of the legislature and progress on the budget has been slow.

We continue to advocate for the following in the conference committee budget negotiations:

- Michigan Achievement Scholarship- Community College Guarantee
  - It is likely that a tuition free pathway for in-district students and a last dollar scholarship for all other students will be included in the budget. This would mimic the Michigan Reconnect funding formula.
  - See attached statement from the MCCA about this proposal
- 3.3% increase in operations funding (House proposal)
- $32 million in ITEMS funding (House and Senate have $100 placeholder)
  - If we are successful in getting ITEMS funding included, it would be for the second year in a row, making it more likely that it is included in future budget years.
- If tuition restraint language is included, use the Governor’s proposed language that sets maximum tuition increased for FY25 and FY26
- $5.7 million in one-time SAF investment for MPSERS (House/Governor proposal)
- Include Senate language that would increase transparency for transfer students.

See attached document from the MCCA outlining the full set of budget requests.

Capital Outlay
It does not appear likely that capital outlay projects will be included in the FY25 budget. However, there is a greater likelihood that they will be in a fall supplemental budget bill.
Growing Michigan Together (GMT) Higher Education Subcommittee Recommendations

As you may recall, last summer the Governor announced the formation of the Growing Michigan Together Council and appointed subcommittees to meet beginning last fall. There were several public field hearings held across the state and in December, the full Council issued its final report.

On June 5th, the GMT Higher Education Subcommittee presented its recommendations to a joint meeting of the House Committee on Higher Education and the House Appropriations Subcommittee on Higher Education and Community Colleges. The Subcommittee presented six recommendations. It is likely that some of these or versions of these get wrapped into the FY25 budget.

Recommendations:

1. Publicly Fund K-14
   a. Create a K-14 public education system by providing graduating high school students with two years (60 credits) of tuition at a community college or public university.
   b. The Governor’s proposed Community College Guaranty would be linked back to this recommendation.

2. Increase PK-12 Higher Education Pathways
   a. Support early college credit uptake (e.g. incentivizing high schools that require six college credits for graduation) and universal Free Application for Federal Student Aid (FAFSA) or opt-out as a high school requirement.

3. Reform Two Year to Four Year Transfer Process
   a. Make the transition from community college graduate to university junior status seamless (e.g. guaranteed admission to university with at least 60 transfer credits and junior standing).
   b. The MCCA supports this proposal but there has been some push back from the Universities.

4. Form Advisory Group to Reimagine Michigan’s Higher Education Funding Process
   a. Form advisory group, led by proper higher education stakeholders, to ensure competitive, sufficient, sustainable funding that enables increased student success and graduate retention.
   b. This would be a new look at the performance funding formula. The MCCA is not interested in dividing up the current funding pool differently, only interested in doing so if the pool were to expand.

5. Expand Employer Partnerships via Work based Learning and Full time Offers
   a. Support, formalize, and grow employer partnerships to enable greater student exposure to real-world, on-the-job experiences for credit and/or payment (e.g. career exposure in high school, work-based learning in college, and job guarantees postgraduation).

6. Offer Postgraduation Incentives to Retain and Attract Talent
   a. Directly influence reversal of “brain drain” by incentivizing recent graduates (including students from out-of-state, international and Michigan higher education) to seek employment and live in Michigan.

Aviation Hangar Groundbreaking

We are targeting a late October, early November groundbreaking for the Aviation Hangar Expansion Project.

MDNR Property Issue

We continue to engage with the MDNR to find resolution to this issue. The MDNR Real-estate Division believes that they have a strong case for ownership but are doing some additional title research to provide greater clarity on this claim.
Federal

Full Faith and Credit
Nick and I continue to work on this issue with additional discussions had with the MCCA and ACCT. While the Department of Ed has not requested any additional information from us, it may be helpful to consider some type of letter from the Board of Trustees to the Department indicating its responsibility for the college. This would be a way to test the Department as to if this type of attestation would satisfy the requirements of the federal rule.

Drone Legislation
In March, the House Energy and Commerce Committee passed legislation that would restrict the use of drones produced by Chinese Company Da-Jiang Innovations (DJI). The bills, the Countering CCP Drones Act (H.R. 2864) and the Foreign Adversary Communications Transparency Act (H.R. 820) were approved unanimously.

Specifically, the Countering CCP Drones bill would prohibit DJI drones from operating on U.S. communications infrastructure and the Foreign Adversary Communications Transparency Act would require that the FCC publish a list of entities that hold authorizations, licenses or other grants of authority issued by the Commission and that have certain foreign ownership.

We would be concerned that with DJI having such a large market share (90% in the US) significant restrictions such as those being proposed could have a negative impact on U.S. companies and our training programs.

Bipartisan Workforce Pell Act
We continue to support the passage of H.R. 6585 the Bipartisan Workforce Pell Act. A recent House vote was postponed but we continue to urge its passage. The bill is designed to extend Pell Grant eligibility to short-term workforce training programs. Congressman Bergman is a co-sponsor of this legislation.

Great Lakes Mapping Act
We continue to support advancing the Great Lakes Mapping Act which would direct the Administrator of NOAA to conduct high-resolution mapping of the lakebeds of the Great Lakes. The legislation is supported by 10 members of Michigan’s Congressional Delegation including Congressman Bergman. Most recently the House Natural Resources Subcommittee on Water met to discuss this legislation.
To: NMC Board of Trustees
From: Nick Nissley, President
President’s Council
Subject: June 2024 Executive Summary

Financial Report—Troy Kierczynski, Vice President of Finance and Administration
- Our FY24 projections anticipate an operating surplus of approximately $1m for the year. If this holds, we will assess and make a recommendation at the July or August meeting as to how much of the surplus should be retained in the general operating reserve vs. transferred for strategic projects, capital projects, deferred maintenance, or other needs.
- A balanced budget for FY25 will be presented to the board this meeting that includes a 3% increase in tuition and fees, increased property tax revenues, reduced salaries and wage expenses stemming from conversion of adjunct and supplementals to EduStaff, the voluntary separation plan, and reduction through attrition/reorganization for staff positions, and increased transfers to support capital projects, debt service (Aviation Expansion), technology reserves, and strategic projects.
- Summer is an important time to execute our critical and often larger deferred maintenance projects in effort to minimize disruption for our students in the Fall and Spring. We appreciate the Board’s consideration of these projects.

Enrollment Report—Todd Neibauer, Vice President for Student Services and Technologies
- Summer enrollment is up 9.4% in contact hours over Summer 2023.
- Fall enrollment is up 1.4% in contact hours over Fall 2023.

PRMC—Diana Fairbanks, Associate Vice President of Public Relations, Marketing, and Communications
- Paid Media
  - Applications: 108
  - Accounts: 119
• It was a mixed month for paid media performance. While applications and accounts
dipped slightly MOM, we are seeing strong improvements in other areas like ROAS
(return on advertising spend) and CPA (cost per application.)
• We are finalizing the discovery phase of the brand assessment and strategy development.
The initial research shows some strong emerging themes for NMC’s unique value
proposition in the marketplace and consumer sentiment. The Board Executive Committee
will get a progress update in June with a full board update at the July regular meeting.
• Content development continues on the new community report with a targeted launch date
of fall 2024. The goal of the new piece is to directly communicate NMC’s value
proposition with tax payers.

Strategic Plan—Jason Slade, Vice President for Strategic Initiatives
• Strategy 4 - Community Partnerships and Engagement: Enhance collaborations that
advance community engagement, economic and workforce development, and innovative
opportunities for lifelong learning will be reviewed this month. This strategy is on track
with 2 of the 4 objectives currently classified as “green”. These objectives are focused on
workforce and technical training, and access to 4-year pathways are on track. While
changes in pricing and course cost structure resulted in financial improvements for
Extended Educational Services during FY23, work continues in order to improve the
financial performance of the department through quarterly budget reviews, new offerings,
and expense analysis, classifying this objective as “yellow/red”. Community Partnership
activities continue but this objective is becoming more aligned with the Foundation’s
strategic plan efforts, allowing the college to maximize resources. Based on this, it is
classified “yellow”.

CALL TO ORDER—Chair Laura J. Oblinger called the regular meeting to order at 5:30 p.m.

ROLL CALL
Trustees present: Laura J. Oblinger, Bill F. Marsh, Kennard R. Weaver, Chris M. Bott, Douglas S. Bishop, Kenneth E. Warner, Andrew K. Robitshek
Trustees absent: None
Also present: President Nick Nissley, Lynne Moritz, Diana Fairbanks, Troy Kierczynski, Lindsey Lipke, Kyle Morrison, Todd Neibauer, Stephen Siciliano, Jason Slade, Molly Norville, Alyssa Irani, Becca Richardson, Joelle Hannert, Dmitri Denune, Wayne Moody, Michael Lehnert, Alex Tank, Alex Bloye, Laura Matchett, Hollie DeWalt, Carly McCall, Susan Olcott, Kim Grabowski, Beth Balentine, and Kristin Rabe

REVIEW OF AGENDA—The agenda was accepted as presented.

STRATEGIC FOCUS

Mission & Values in Action—Dmitri Denune spoke about his experience as a student in the Automotive Technology program.

Program Focus: International Affairs Forum (IAF)—Alex Tank, IAF Communications & Production Coordinator, presented on the development of IAF over its 35 years. IAF’s mission is to advance the understanding of the world and its critical issues through education and public dialogue. Tank summarized the various events organized by IAF and noted Jack Segal and Karen Puschel Segal, who worked to expand its programming significantly, will be honored as NMC Fellows for 2024.

Strategy 3: Diversity, Equity, Inclusion & Belonging—Jason Slade, Vice President of Strategic Initiatives, and Dr. Marcus Bennett, Special Assistant to the President for Diversity, Equity, Inclusion, and Belonging shared an update on the third strategy of the strategic plan. This strategy is on track with 2 objectives completed, 2 objectives currently classified as “green”/on-track, and 1 objective, related to student retention and enrollment, making moderate gains but still lagging. The HR training objective is drawing to a close with the last stage of implementation planned next year to align with our goal planning process. This will shift the focus for the coming year to the objectives centered around addressing barriers for our vulnerable students and NMC’s policies and procedures.

REPORTS AND PRESENTATIONS

Faculty Report: Automotive Tech & Baja Competition—Wayne Moody, Program Coordinator for Automotive Technology, explained there are five different paths, or certificates, which students can pursue: Assoc. in Applied Tech Degree, Master Automotive Tech Certificate, Electrical and Drivability Certificate, Hybrid Technology Specialist Certificate, and Undercar Specialist Certificate. Moody explained many of the learning principles utilized in the program, as well as how
the course scheduling is designed to support students commuting from within the region. Moody also thanked the experienced instructors within the program. 47 students are currently in the program.

**FY25 Budget**—Troy Kierczynski, Vice President for Finance and Administration, reviewed budget considerations for the upcoming fiscal year. The FY25 budget will be presented for approval by the Board of Trustees at the regular meeting on June 24, 2024.

**PUBLIC INPUT**—There was public input offered by Joelle Hannert, Susan Olcott, Kim Grabowski, Beth Balentine, and Kristin Rabe.

**UPDATES**

**President’s Update**—President Nick Nissley shared that the spring semester Police Academy students successfully completed all of their requirements, passed the final Licensing Exam today, and have 100% job placement. Nissley also provided updates on the Chief Advancement Officer search, Freshwater Research and Innovation Center (FRIC), AquaHacking Challenge, and Benzie annexation. Points of pride included that over 200 of our spring graduates celebrated at Commencement on May 4 at the Milliken Auditorium and Dennos Museum Center. For this academic year, 645 degrees or certificates are anticipated. Lastly, Nissley shared a thank you note written by 5th graders from Blair Elementary.

**Board Chair Update**—Chair Laura Oblinger reminded trustees of the upcoming Study Session pertaining to the facilities plan and FRIC before having Trustee Warner share his experience attending the AquaHacking Challenge.

**CONSENT ITEMS**—On a motion by Doug Bishop, seconded by Kennard Weaver, the following items were approved by a unanimous vote as a group without discussion:

- Minutes of the April 22, 2024, regular meeting
- Enrollment Report—*Todd Neibauer, Vice President for Student Services and Technologies*
- Financial Report—*Troy Kierczynski, Vice President of Finance and Administration*
- PRMC—*Diana Fairbanks, Associate Vice President of PRMC*
- Foundation Report—*Carly McCall, Director of Alumni Engagement*
- Audit Committee—*Kennard Weaver, Committee Chair*
- Building and Site Committee—*Ken Warner, Committee Chair*
- Executive Committee—*Laura Oblinger, Committee Chair*

**ACTION ITEMS**

**Notice of Truth-in-Taxation Hearing**—On a motion by Chris Bott, seconded by Doug Bishop, the Truth-in-Taxation Resolution was adopted unanimously as presented.

**Digital LED Signage**—Doug Bishop made a motion, seconded by Bill Marsh, administration was authorized to enter into a contract with Midwest Sign Company for the replacement of the Digital
LED signage at the Dennos Museum, Great Lakes Campus, and University Center Campus at the cost of $83,820 funded by the Plant Fund reserves. The motion passed unanimously.

**Housing Rates**—On a motion by Ken Warner, seconded by Doug Bishop, Housing and Board Rates for the 2024-2025 fiscal year were adopted unanimously as presented.

**Scholars Hall VAV Upgrade**—Doug Bishop made a motion, seconded by Bill Marsh, administration was authorized to enter into a contract with Temperature Control, Inc. for $43,750 to complete temperature control work in Scholars Hall. The motion passed unanimously.

**Byrum Fisk**—Kennard Weaver made a motion, seconded by Chris Bott, to recommend authorization for administration to enter into a contract with Byrum Fisk Advocacy Communications to provide educational communications services for an amount not to exceed $60,500. The source of funds will be the Strategic Fund. The motion passed unanimously.

**Extended Detection and Response IT Security Platform**—On a motion by Doug Bishop, seconded by Ken Warner, it was recommended to authorize the administration to enter into a contract with Frontier Computer for the purchase of an Extended Detection and Response IT Security platform in the amount of $50,688. This expense will be funded by the general fund. The motion passed unanimously.

**Audio Tech and Visual Communications Computer Replacement**—On a motion by Kennard Weaver, seconded by Chris Bott, it was recommended to authorize the administration to purchase replacement computers for the Audio Technology and Visual Communications (VCA) computer lab and faculty in the amount of $37,791.00 from CDW. The motion passed unanimously.

**Aircraft Purchase**—Doug Bishop made a motion, seconded by Kennard Weaver, recommending authorization for the administration to enter into an aircraft purchase agreement with Piper Aircraft, Inc. for the purchase of a new 2025/26 Piper Seminole at an amount up to $1,100,000 for delivery between Q4 2025 – Q1 2026. There was discussion regarding pricing demands. The motion passed unanimously.

**Apartment Renovations**—On a motion by Ken Warner, seconded by Chris Bott, recommend authorization for the administration to spend an aggregate amount not-to-exceed $317,500 to perform interior upgrades/renovations for all unrenovated and any partially renovated units on the Front St. Flats property. In response to questions, Troy Kierczynski explained that security updates are within another project scope and how the project estimate was determined. The motion passed unanimously.

**Tribal Council 2% Funds Application**—Bill Marsh made a motion, seconded by Ken Warner, recommending authorization for administration to submit application for the 2% grant from the Grand Traverse Band of Ottawa and Chippewa Indians video gaming revenue as presented. The motion passed unanimously.

**REVIEW OF FOLLOW-UP REQUESTS**—Confirmed requests made by the Board that require administrative follow-up for information to be provided to the Board at a later date.
Northwestern Michigan College
May 20, 2024

- Policy Committee review of definition of vulnerable populations
- Schedule of reserves and balances
- Comparisons of student employees to other educational institutions
- Presentation time limits to 10 minutes

ADJOURNMENT—The meeting adjourned at 7:39 p.m.

Recorded by Lynne Moritz, Executive Director of the President’s Office and Board Operations.

SIGNED__________________________________________________________
Laura J. Oblinger, Chair

ATTESTED_______________________________________________________
Chris M. Bott, Secretary
CALL TO ORDER—Chair Laura J. Oblinger called the regular meeting to order at 1:00 p.m.

ROLL CALL
Trustees present: Laura J. Oblinger, Andrew K. Robitshek, Kennard R. Weaver, Chris M. Bott, Douglas S. Bishop, Kenneth E. Warner
Trustees absent: None
Also present: President Nick Nissley, Ryan Archer, Brandon List, Troy Kierczynski, Hollie DeWalt, Carly McCall, Marcus Bennett, Lynne Moritz, Jason Slade, Diana Fairbanks, Todd Neibauer, Molly Norville, Stephen Siciliano, Susan Olcott, Barbara Overdier, Beth Balentine

REVIEW OF AGENDA—The agenda was accepted as presented.

PUBLIC INPUT—There was no public input offered.

DISCUSSION
Campus Facilities Master Plan—Chair Laura Oblinger discussed the objectives and agenda of the study session before President Nissley provided additional context regarding the facilities master planning process. Nissley emphasized that the planning document is a courageous, visionary plan that upholds fiscal stewardship, revitalization and vibrancy, and looks to the future. The focus for trustee discussion will be on the budget and timeline of the proposed actions included in the plan.

Brandon List, Manager of Landscape Architecture + Planning at Tower Pinkster, and Ryan Archer, Senior Design Architect + Planner, reviewed the draft document. Appendices include the utilization study data, survey responses, etc. Archer focused on space migration opportunities for the Front Street Campus.

It was requested that a high level summary of space utilization data be included in the final document. In an effort to establish common and responsible space allocations across NMC workspace, general guidance for managing office space utilization has been established and is included in the plan. To align office space use and overall campus utilization, as individual projects are programmed and designed, office space will be upgraded on a project-by-project basis to these new standards. Regarding housing capacity and needs, there are three recommended projects: new apartments built upon the current apartment site, which would also densify residency at this portion of the campus; replacement of East Hall; and an additional residence hall. There was discussion regarding the capacity of proposed residence halls.

Regarding managing property assets, it was suggested the Policy Committee discuss the appropriate parameters for the process and procedure should it be decided that any properties be offered to sell. Policy A-106.00 Items for Specific Board Approval does state that real estate acquisition or disposition is a matter for the Board to consider.
Prioritization of ongoing projects such as Aviation, geothermal, student housing, and Eastern Avenue property development was discussed.

**BREAK--Attendees took a break between topics and the meeting resumed at 3:00 p.m.**

**DISCUSSION**

**Freshwater Research and Innovation Center (FRIC)--**Vice President for Strategic Initiatives Jason Slade provided an update on project developments, recognizing that some trustees have been involved more closely than others. The purpose of the study session topic was to identify any questions or concerns before seeking Board approval at the June regular meeting for President Nissley to enter into the Articles of Incorporation. There is also a need to contribute funding to the project, which trustees expressed support for.

The vision of FRIC is more than just a facility, it is a unique partnership formed around the idea of co-locating higher education, research & development, and business incubation in the emerging field of freshwater and marine technology. The result of this collaboration is that NMC will be unlike any other community college in Michigan, leveraging its unique programs and place to be at the forefront of the new blue economy and regional economic growth.

**REVIEW OF FOLLOW-UP REQUESTS**—Confirmed requests made by the Board that require administrative follow-up for information to be provided to the Board at a later date.

- Send full FRIC Articles of Incorporation and By-laws to full Board, seeking assurance from Miller Canfield regarding reserved powers

**ADJOURNMENT**—The meeting adjourned at 3:53 p.m.

Recorded by Lynne Moritz, Executive Director of the President’s Office and Board Operations.

SIGNED______________________________________________________________
Laura J. Oblinger, Chair

ATTESTED___________________________________________________________
Chris M. Bott, Secretary
CALL TO ORDER—Chair Laura J. Oblinger called the regular meeting to order at 4:00 p.m.

ROLL CALL
Trustees present: Laura J. Oblinger, Chris M. Bott, Kennard R. Weaver, Kenneth E. Warner, Douglas S. Bishop, Bill F. Marsh, Andrew K. Robitshek
Trustees absent: None
Also present: President Nick Nissley, Lynne Moritz, Troy Kierczynski

REVIEW OF AGENDA—The agenda was amended to remove Item E and place it on the June 24 regular meeting agenda as edits to the previously approved ballot language are still in development.

PUBLIC INPUT—There was no public input offered.

Educational Communications—Chair Laura Oblinger shared context regarding the educational communications pertaining to the Benzie annexation ballot proposal. Pursuant to Policy A-106.00, Kennard Weaver made a motion, seconded by Ken Warner, to authorize administration to spend up to $200,000 for educational communications through partnership with Byrum Fisk. The source of funding will be the strategic fund. The motion passed unanimously.

REVIEW OF FOLLOW-UP REQUESTS—Confirmed requests made by the Board that require administrative follow-up for information to be provided to the Board at a later date.

- Send amended ballot language to full Board one week prior to June 24 regular meeting

ADJOURNMENT—The meeting adjourned at 4:09 p.m.

Recorded by Lynne Moritz, Executive Director of the President’s Office and Board Operations.

SIGNED__________________________________________
Laura J. Oblinger, Chair

(Source: Digital Dashboard Same Date Comparison SP2021-2024)
To: Dr. Nick Nissley, President
From: Troy Kierczynski, Vice President of Finance and Administration
Date: June 7, 2024
Subject: Summary Report for the General Fund as of May 31, 2024

The attached reports summarize the financial results for the General Fund as of May 31, 2024. The 11th month represents 92% of the year.

Month End Results
The month-end reports are interim and not a reflection of actual year-end results. The timing of revenue and expenses fluctuates throughout the year and will affect year-end results.

The general fund has year-to-date revenue over expenses of $5,905,089. Revenue increased by 11% when comparing year-to-date May 2024 to May 2023. Expenses increased by 12% when comparing year-to-date May 2024 to May 2023.

Revenue (letters refer to the attached General Fund summary)
A. Tuition and fees: For Spring 2024, the budget was set at 29,188 contact hours for a total budget revenue of $6,401,718. Actual spring contact hours are projected at 30,206 with actual revenue of $6,547,543. Spring revenue is trending over budget by $145,825. For Summer 2024, the budget was set at 6,276 contact hours for a total budget revenue of $1,368,729. Actual summer contact hours are 6,199 with actual revenue of $1,443,061. Summer revenue is trending over budget by $74,332.
B. Property Taxes: Tax revenue is recorded as payments are received. The overall increase for the fiscal year is expected to be 9% over the previous fiscal year.
C. State Sources include operational appropriations, personal property tax payments and MPSERS retirement payments. State appropriations payments began in October.
D. Actual year-to-date investment income recorded for fiscal year 2024 reflects interest and dividend income only. Interest income will exceed the amount earned in fiscal year 2023 due to rising interest rates.
E. Both Private Sources and Other Sources are timing and event-dependent.

Expenses
F. Salaries and benefits are tracking under budget.
G. Overall expenses are under budget at this time.
H. Capital Outlay reflects expenditures budgeted through the allocation of COAT dollars.

Subject: May 2024 Monthly Report

NMC saw YOY growth in most media categories in May with strong end of the semester activities. It was a mixed month for paid media performance. While applications and accounts dipped slightly MOM, we are seeing strong improvements in other areas like ROAS (return on advertising spend) and CPA (cost per application.) We continue to monitor increases in “cost per click” across the higher ed segment. This has more than doubled from the previous year and is especially prevalent in the traditional aged demographic. Earned media performance was up MOM in total stories and value. Sentiment dipped slightly MOM due to concerns about the Benzie annexation and Eastern Ave. development, but sentiment is still very strong and within our historic average. Top stories included Aquahacking, FRIC and Sen. Peter’s GLMA award. In Owned media, NMC Now is on summer hiatus. Content development continues on the new community report with a targeted launch date of fall 2024. The goal of the new piece is to directly communicate NMC’s value proposition with tax payers. Shared media followers were up. Engagement was up MOM, but dipped YOY due to a shift in paid campaigns. May’s highest performing posts include commencement, surg tech alum and study abroad. Finally, we finalizing the discovery phase of the brand assessment and strategy development. The initial research shows some strong emerging themes for NMC’s unique value proposition in the marketplace and consumer sentiment. The Board Executive Committee will get a progress update in June with a full board update at the July regular meeting. NMC Public Relations, Marketing and Communication key performance indicators for May 2024 include:

**Paid Media** - ↓
- Applications: 108
- Accounts: 119

**Earned Media** - ↑
- Media mentions: 205
- Positive/neutral sentiment: 95%
- Publicity value: $3.2M

**Owned Media** ↑
- NMC Now is on summer hiatus. Content development continues on the new community report.

**Shared Media** ↑
- Facebook followers: +9% YOY
- Facebook engagement: -65% YOY
- Instagram followers: +10% YOY
- Instagram engagement: -9% YOY

Subj: Foundation Update

Fund Raising – a report on FY24 goals

As of June 12, 2024, the fiscal year is 96% completed. 92% of the budgeted goal of $2,575,000 in new cash gifts and pledges has been received, with 4,339 gifts and pledges recorded.

**FY24 Total Dollars Raised Through the NMC Foundation**

- $2,117,473 Total cash gifts and pledges received to date (including The Fund for NMC)
- $944,000 New documentation of planned gift intentions
- + $245,268 Gross event revenue

**$3,306,741 Total raised through gifts, new planned gift commitments, and events**

- $667,000 Additional cash, received from previously documented planned gifts

Of the gifts realized (cash, pledges, and planned gifts), donors are impacting the following areas of the college:

- Unrestricted gifts to the Fund for NMC - $348,141 (9% of total)
- Scholarships, both restricted and endowed funds - $1,819,575 (67%)
- Program support and capital projects at NMC - $893,757 (24%)

Foundation Initiatives

- **Taste of Success** final numbers are compiled and this year's event netted approximately $167,000, $20,000 above our previous record (last year). This includes $80,000 in sponsorships. Save the date for next year: April 25, 2025

- Over 300 people gathered on May 17th to celebrate Paul Welch’s 90th birthday and his exhibit at the Dennos Museum. Paul selected pieces for the show, many of which were for sale, raising over $7,000 for his scholarship/program fund at NMC

- We were honored to be part of a Celebration of Life for NMC’s founding Aviation Director, Bob Buttleman. Dozens of alumni, faculty and staff joined family and friends for a heartwarming remembrance. Bob’s family started a new scholarship at NMC in his name for Aviation students.

- Outgoing and incoming Foundation Board chairs, Jayne Mohr and Pat Warner, respectively, held one-on-one meetings with a majority of NMCF Board members. Feedback gathered in the 20+ hours of conversation will be helpful in keeping the board engaged and energized.

- We are looking forward to welcoming new Chief Advancement Officer Dino Hernandez in August and are planning meetings and activities to get him fully immersed and empowered with Foundation and College knowledge!
Committee Chair Chris Bott called the meeting to order at 2:00 p.m.

Members Present: Chris Bott, Doug Bishop, Ken Warner
Others Present: Nick Nissley, Lynne Moritz, Troy Kierczynski, Beth Balentine

**Policies Scheduled for Review in 2024**—The following policies were up for their scheduled five-year review, with the corresponding changes recommended to move forward for their first reading at the June regular meeting of the full Board of Trustees.

**Policy D-500.00 Operations**
The second paragraph should begin with “In conjunction with the strategic plan…” No other edits or additions were recommended. Doug Bishop made a motion, seconded by Ken Warner, to recommend the revisions to the full Board. The motion passed unanimously.

**Policy D-600.00 Champion**
The same phrase of “In conjunction with the strategic plan” was recommended for addition to the second paragraph, same as with the prior policy review. For item six, it was recommended to change “citizens which” to “residents that.” Doug Bishop made a motion, seconded by Ken Warner, to recommend the revisions to the full Board. The motion passed unanimously.

**Policy D-700.00 Work Culture**
The following edits were recommended for the second paragraph:

> In conjunction with the strategic plan, The President shall exercise and promote innovative and creative leadership in pursuit of an effective work culture at Northwestern Michigan College. In so doing the President is hereby granted full authority and autonomy by the Board of Trustees to utilize College resources to that end in any manner deemed appropriate, so long as the President exercises prudent judgment, ethical and lawful behavior, and reasonable interpretation of this policy.

Consideration of whether the policy intends to address both employee and
student culture was discussed. As it was noted that Policy D-700.00 is the first in numerous Human Resources policies (all numerically nested in the seven-hundreds), it was recommended the policy be renamed “Work Culture.” Ken Warner made a motion, seconded by Doug Bishop, to recommend the revisions to the full Board. The motion passed unanimously.

It was recognized that the college’s notice of nondiscrimination statement is imbedded within Policy D-700.00, as well as D-600.00; the nondiscrimination statement was revised in 2023. The reason for the 2023 update will be confirmed before amending that portion of these policies.

**Policy A-106.00 Items for Specific Board Approval**—While not scheduled for review, this policy was discussed as a recent Board of Trustees Building and Site Committee meeting identified the potential need to add approval of leases to the list of items. As such, the following item will be added to the bulleted list in the finance section of the policy:

- Leases of College property (as lessor or lessee) exceeding three years or more and exceeding $50,000 annually

It was also recommended that the threshold for general fund line-item expenditures be increased to “$50,000 or more, and $75,000 or more on construction/renovation projects.”

Under the “Other” category of Policy A-106.00 the following revision was recommended:

- Approval of Board Level Strategic Goals the college’s strategic plan, including modifications

Ken Warner made a motion, seconded by Doug Bishop, to recommend the revisions to the full Board. The motion passed unanimously.

There was discussion regarding the process for Board approval and the solicitation process for proposals of lease or purchase of real estate. It was determined to leave as is “real estate acquisition and disposition” as currently listed as an item for specific Board approval.

**Other Discussion**

As follow up from the May regular Board meeting, defining vulnerable student populations was discussed. A summary of results from a fall DEIB survey is forthcoming, as is determination of where such definition would potential exist within college policies. The topic will be discussed at a subsequent meeting of the committee.

Policy A-103.00 Board Committees will also be discussed at the next meeting, to consider defining members of the Board Executive Committee and potentially
recommending that no more than two individuals or two couples be recommended as Fellows of the College each year.

President Nissley shared that the NMC Foundation Audit Committee plans to discuss investments and investment policy following public comment at the regular meeting of the Board of Trustees on May 20, 2024.

**Public Input**—There was no public comment offered.

The meeting was adjourned at 2:46 p.m.

Recorded by Lynne Moritz, Executive Director of the President’s Office and Board Operations
Northwestern Michigan College
Board of Trustees
Building & Site Committee Minutes
June 11, 2024
President’s Office Conference Room
Tanis Building
1701 E. Front Street, Traverse City, MI 49686

Committee Chair Ken Warner called the meeting to order at 3:00 p.m.

Members Present:  Ken Warner, Chris Bott, Kennard Weaver

Others Present:  Nick Nissley, Lynne Moritz, Troy Kierczynski, Ray Kendra, Beth Balentine, Susan Olcott, Barbara Overdier, 7&4 Reporter

Aviation Hangar Expansion—Ray Kendra, architect with Environment Architects, reviewed updated preliminary drawings for the hangar expansion project.

There was a question regarding the reduction in parking spaces adjacent to the hangar presently; it has been identified that students and employees utilize the Parsons-Stulen parking lot and the additional parking is not needed. New vegetation and trees will offset those that need to be removed due to the building expansion; the current drawing estimates seven trees require removal, with eight trees being planted in new locations on the property. There was discussion regarding the color of the building and adjacent buildings, as well as discussion regarding the length of “down time” impacting the fleet and ensuring aircraft are protected from inclement weather. Kendra assured weather protection is on the planning timeline.

President Nissley acknowledged plans to install a segment of the original Aviation office, including founding director Bob Buttleman’s office wall which was signed by attendees at his Celebration of Life service on June 1, 2024, in the lobby of the expanded hangar.

Campus Facilities Plan—Tower Pinkster continues to edit the draft plan, incorporating discussion from the May 22 study session into the final document. Vice President Kierczynski reviewed input from the study session, which will be outlined in a memo included in the June 24 Board packet. The final plan will include incorporating high level data on space utilization campus-by-campus and building-by-building for the Aero Park Campus and Front Street Campus per Board request. It was confirmed that additional floors could be added to a new residence hall versus adding multiple residence halls and there is available space at the newly acquired apartments on Front Street. The final version of the facilities plan will be proposed for approval by the full Board of Trustees at their regular meeting on June 24, 2024.

Trustee Weaver emphasized that the facilities plan outlines potential projects, but that not all projects in the plan will come to fruition. Each project will require Board approval in compliance with Policy A-106.00 Items for Specific Board Approval.

Public Input—There was no public comment offered.
Other Discussion—The next meeting date of July 17 was confirmed, with an adjustment to the start time at 1:00 p.m. instead of the original time of two o’clock.

The meeting was adjourned at 3:52 p.m.

Recorded by Lynne Moritz, Executive Director of the President’s Office and Board Operations
Committee Chair Kennard Weaver called the meeting to order at 1:31 p.m.

Members Present: Kennard Weaver, Andy Robitshek, Bill Marsh

Others Present: Nick Nissley, Lynne Moritz, Troy Kierczynski, Todd Neibauer, Dan Wasson

Cybersecurity Audit

Closed Session—Andy Robitshek made a motion, seconded by Bill Marsh, that the Board convene in closed session as permitted by Section 8(1)(h) of the Open Meetings Act, MCL 15.268, to consider materials exempt from discussion or disclosure under state or federal statute as written attorney-client communications in connection with Section 13(1)(y) of Michigan’s Freedom of Information Act, MCL 15.243(1)(y). The motion passed with the following roll call vote: Yes–Bill Marsh, Andy Robitshek, Kennard Weaver; No–none; and the Board Committee went into closed session at 1:33 p.m.

Reconvene Regular Meeting—Bill Marsh made a motion by, seconded by And Robitshek, to adjourn the closed session and reconvene the open session. The motion passed with the following roll call vote: Yes–Andy Robitshek, Bill Marsh, Kennard Weaver; No-none; and the Board reconvened in regular open session at 2:09 p.m.

Potential Other Discussion—The report will be recommended for future review of the full Board, again in closed session.

Public Input—There was no public comment offered.

The meeting was adjourned at 2:10 p.m.

Recorded by Lynne Moritz, Executive Director of the President’s Office and Board Operations.
To: NMC Board of Trustees
From: Nick Nissley, President
      Troy Kierczynski, Vice President of Finance and Administration
Date: June 19, 2024
Subject: NMC Thrive – A Campus Plan for a Vibrant College

Board Authorization Requested

Recommend that the board of Trustees approve the NMC Campus Facilities Plan as included with the materials for their June 24, 2024 Board meeting.

Background/Scope

In March 2023, the Board of Trustees authorized administration to hire Tower Pinkster Titus Associates as a planning consultant. Over the past 15 months, Tower Pinkster and the college engaged in a robust planning process to evaluate the College’s physical campuses and properties, assess building and space utilization, analyze student housing needs, develop a strategy for vacant properties, create a framework for campus energy sustainability, and more. This work, particularly the space utilization data, ultimately drove the key planning recommendations outlined in the Executive Summary (pages 9-11).

Throughout this planning process, we solicited engagement from College staff, faculty, students, neighbors, and community members in a variety of ways: we conducted dozens of departmental/committee/council interviews covering all academic and institutional support areas, held meetings with student government association and other student groups, hosted three public listening and input sessions inviting our neighbors and the community (200+ attendees), developed and distributed a community survey (350+ responses), and held specific meetings with BATA/TC Parking, University Center partners, and other external groups to gather input. The input we received from each of these groups was critical in shaping our planning recommendations.

The development of this plan also included two Board of Trustees study sessions (February 1 and May 22, 2024). Based upon discussion at the May 22 Study Session, the following adjustments were made to the document:
• A summary of current and future space utilization by category of usage is now included along with narrative to add context (see new pages 40-41)
• We explored the possibility of adding additional floors to the new East Hall vs. the proposed option of building a new dormitory (see notations on pages 43 and 44)
  ○ NMC’s Front St. campus’s zoning of “NMC-2” allows for max building height of 90’, which could accommodate up to 6 floors but may require a zoning variance for residential density
• We explored the possibility of building additional apartment units on our newly acquired property at 1550 and 1560 E Front St. We believe potential exists for two new complexes and up to 24-30 apartment units (48-60 beds) on this property (see notation on page 43)
• We adjusted our recommended implementation schedule as follows (page 63):
  ○ Placemaking projects will be considered as early as 2025
  ○ Housing projects will be considered as early at 2027
  ○ Repurposing of the University Center and disposal of unused property assets were added to this implementation table using a different color scheme denoting them as asset management strategies.
• Icons were added to the conceptual budget denoting projects that meet our revenue enhancement and diversification goals (page 62)

Central to our NMC THRIVE plan is the goal of enhancing campus life. By consolidating student services, developing new and modern campus housing, and revitalizing our teaching and learning spaces, we are creating a more engaging, accessible, and supportive atmosphere for our students, faculty, staff and guests. We believe this plan provides the appropriate level of visioning and detail to transform our campuses to meet the ongoing needs of the College and the communities it serves.
To: Dr. Nick Nissley, President  
From: Jason Slade, Vice President for Strategic Initiatives  
Date: June 18, 2024  
Subject: Authorize the Freshwater Center Articles of Incorporation

Board Authorization Requested:

Authorize President Nissley to approve and cause to be filed, in consultation with legal counsel, the Articles of Incorporation, forming the nonprofit corporation, The Freshwater Center, with Discovery Center and Pier.

Background and Structure:
The Freshwater Center, a nonprofit corporation, will be formed with the purpose of managing and owning the Freshwater Research and Innovation Center. The Freshwater Research and Innovation Center is a:

- 40,000 sq ft flexible research and innovation center focused on water technologies
- located on 17 acres owned by Discovery Center and Pier
- and will house research, start-ups, tech transfers (lab to market) technologies, small businesses, water-related organizations, and the Great Lakes Water Studies Institute

The State of Michigan has allocated $15M of funding towards this project and, to date, over $18.7M of funding has been secured towards the total investment of $28M for the dockside learning center and Freshwater Research and Innovation Center. Architectural designs and renderings are complete with construction bids being awarded December 2024 and construction starting fall 2025. The final project should be completed by spring 2027.

As per the articles of incorporation, and consistent with NMC’s education and pedagogical mission, the duties of the newly formed corporation will include:

- To hold ownership rights and share in the operation of an institution committed to conducting, organizing, and driving scientific research, education, and innovation around freshwater sciences and marine technologies.
- To buy, own, sell, manage, receive, administer, and lease real estate, personal property, and other assets of the Freshwater Research and Innovation Center.
- To promote and be responsible for the operation and development of the Freshwater Center.

Northwestern Michigan College (NMC) and Discovery Center and Pier (DCP) will form the two classes of members of the corporation. The initial 9-seat board of directors will consist of two representatives for NMC, 2 representatives for DCP, a representative each from Traverse Connect, MTU, and 20Fathoms, as well as two at-large members. The bylaws for the Freshwater Center include necessary reserved (veto) powers for NMC and DCP over the budget, debt, reserves, merger, and other areas that impact the finances of the center.

NMC, DCP, Traverse Connect, MTU and 20F will continue to engage the state and local governments to make Traverse City the epicenter of the new blue economy and this center will be a key part of this initiative.
To: Dr. Nick Nissley, President
From: Jason Slade, Vice President for Strategic Initiatives
        Troy Kierczynski, Vice President for Finance & Administration
Date: June 18, 2024
Subject: Authorize Financial Support of the Freshwater Center

Board Authorization Requested:
Authorize President Nissley to effectuate a $3,000,000 commitment to the development of the Freshwater Research and Innovation Center.

Background and Analysis:
The below analysis aims to address the key financial and risk considerations of the proposed $3 million commitment. Please see the accompanying memo titled “Authorize the Freshwater Center Articles of Incorporation” for more information on the background, purpose, and structure of the Freshwater Center entity.

Project Costs and Funding
Total estimated construction costs for the Freshwater Research and Innovation Center and Dockside Learning Center is $28.0 million. To date, Northwestern Michigan College (“NMC”) and Discovery Center and Pier (“DCP”) (together, “the members”) have secured $18.7 million of funding including $15.0 million awarded by the State of Michigan. With this initial funding gap of $9.3 million, DCP’s Board formally committed $3.0 million to this project at a Spring 2024 board meeting. If the proposed commitment from NMC is approved, the remaining $3.3 million needed for the project is expected to be addressed through joint fundraising and State/Federal grant opportunities.

Financial Reporting Implications for NMC
The Freshwater Center is legally structured as a Michigan nonprofit corporation, organized on a non-stock membership basis, legally separate from NMC, with distinct articles of incorporation, bylaws, and a board of directors.

For financial reporting purposes, the Freshwater Center will not be consolidated with NMC nor reported as a component unit of the College. Instead, NMC will treat its investment in the Freshwater Center as a joint venture investment per GASB Statement No. 14: The Financial Reporting Entity:

- In year 1, NMC will report an asset labeled “equity interest in Freshwater Center joint venture” on its statement of net position. This asset will be calculated based on NMC’s share of the Freshwater Center’s net assets; NMC’s share is determined by its proportion of total member contributions.
- In subsequent years, NMC will adjust the asset to recognize its share of the Freshwater Center’s change in net position (i.e. profit or loss). This adjustment will be reported on the College’s statement of revenues, expenses, and changes in net position as a single line. NMC will rely on the financial statements produced by the Freshwater Center to recognize periodic changes to this investment.
NMC’s (50%) interest is expected to be $13-15 million once the building and dockside learning center assets are placed in service, which will result in an immediate boost in the College’s net position and reserves.

By matching DCP’s $3 million member commitment, NMC will maintain its 50% financial interest in the Freshwater Center; more importantly, the commitment will help close the project funding gap, solidify NMC’s position as a national leader in Freshwater education, and stimulate economic development in the community.

**Operating Model**
Over the past year and a half, the members collaborated to develop a sustainable operating model for the Freshwater Center. This work included engaging third-party consultants to assist with financial modeling. A recent feasibility study report produced independently by the Illinois Facilities Fund (“IFF”) explored several leasing models, each demonstrating strong, sustainable operating margins for the first 10 years.

It should be noted that depreciation expense was excluded from IFF’s operating models; when considered, this non-cash expense could drive “book” losses despite strong recurring operating income and steady cash flows. However, NMC will achieve full return on investment (and much more) in the year the buildings are placed into service by virtue of recognizing the College’s share of the expected $28-$30 million of Freshwater Center’s net assets.

**Dissolution Considerations**
In the event the Freshwater Center is dissolved, its net assets will be distributed to the two members as they agree or otherwise equally.

**Conclusion**
We believe that the proposed $3 million investment will benefit the College and community for years to come, provide immediate return on investment, diversify NMC’s investments, and generate a stable long-term revenue stream for the College. Besides the direct financial benefit, NMC’s involvement and commitment to this project will elevate the College’s water-related programming and reputation both regionally and nationally.

**Funding Sources:**
The $3,000,000 investment will be funded by the following reserve balances:

- $2,500,000 from Housing reserves
- $250,000 from Strategic Fund reserves
- $250,000 from Hagerty Center reserves

Our projected FY24 reserve balances are included within the FY25 budget package (also in this board packet). The timing for distribution(s) of these funds will be coordinated between the members based on cash flow needs for construction, and could occur in a lump sum or several installments by no later than December 2026.
A regular meeting of the Board of Trustees (the “Board”) of Northwestern Michigan College Michigan (the “College”) was held on June 24, 2024, at 5:30 p.m. at the Timothy J. Innovation Center at Northwestern Michigan College’s main campus in Traverse City, Michigan.

The meeting was called to order by _________________________________.

Present:________________________________________________________

Absent:________________________________________________________

The following preamble and resolution were offered by Member ________________________________ and supported by Member______________________________.

WHEREAS, the Board of Trustees by resolution of June 24, 2024 proposes a total authorized levy not to exceed 2.03 mills within the district for operating purposes for fiscal year 2024-2025; and

WHEREAS, the Board of Trustees has complete authority to establish a maximum of 2.03 mills for operating purposes in fiscal year 2024-2025 from within its authorized millage rate; and

WHEREAS, the Board of Trustees held a budget hearing on June 24, 2024 at 5:30 p.m. in the Timothy J Nelson Innovation Center of Northwestern Michigan College to receive comments from the public regarding the proposed budget; and the budget document contains the requisite “Truth in Budgeting Act.”

NOW THEREFORE, BE IT RESOLVED THAT:

1. For fiscal year 2024-2025 the total millage rate not to exceed 2.03 mills, shall be levied upon property located within the college district.

2. All resolutions and parts of resolutions insofar as they conflict with the provisions of this resolution be and the same are hereby rescinded.

Ayes:________________________________________________________

Nays:________________________________________________________

Resolution declared adopted.

__________________________
Chris M. Bott, Board of Trustees Secretary

The undersigned, duly qualified and acting Secretary of the Board of Trustees of Northwestern Michigan College, Michigan hereby certifies that the foregoing constitutes a true and complete copy of a resolution adopted by said Board of Trustees at a regular meeting held on June 24, 2024, the original of which is part of the Board’s minutes. The undersigned further certifies that notice of the meeting was given to the public pursuant to the provisions of the “Open Meetings Act” (Act 267, PA 1976, as amended).

Subject: Request for Blanket Purchase Orders for FY25

Board Authorization Requested
Authorize the administration to create Blanket Purchase Orders (POs) for each vendor identified on the attached spreadsheet with estimated annual costs.

Background / Scope of Work
The attached table lists vendors with whom we do significant amounts of business each academic year. Timing and frequency of payments vary by vendor. All amounts requested exceed the board approval threshold of $35,000. This procedure does not preclude nor override the bid process as outlined in our policies.

For each vendor, the table shows the following:

- Amounts previously requested for blanket POs for FY24
- FY24 YTD spending under each blanket PO as of June 7, 2024
- Estimated blanket PO amounts for FY25

Source of Funds
These types of expenditures are primarily operational in nature (i.e., utilities, insurance, supplies, maintenance agreements, fuel purchases, etc.). They have been included in the fiscal 2025 operating, auxiliary, and plant fund budgets in various line items such as Purchased Services, Institutional Expenses, and Supplies and Materials.

Subject: Board Authorization Request- Benefit Advisors

**Board Authorization Requested**
Authorize the administration to enter into a contract with Gallagher Benefit Services, Inc. in the amount of $59,000 in FY25, $60,770 in FY26, and $62,593 in FY27 to provide ongoing services as NMC’s benefit advisors/brokers.

**Background / Scope of Work**
NMC has enlisted services from Gallagher Benefit Services, Inc., previously Ballard Benefit Works since 2005. Human Resources periodically conducts an RFP process to be sure we are continuing to receive excellent service at a competitive price. Gallagher remained competitive and we believe has the best value proposition for NMC as well. Benefit advisors/brokers play an integral role ensuring NMC is well positioned with the benefit packages offered to our employees. Gallagher focuses on cost containment strategies, compliance, benchmarking, legal insights, and a full range of benefit offerings. Gallagher has a proven track record delivering services and creating savings opportunities for NMC employees with regards to yearly medical insurance renewals. One final note, Gallagher has not increased fees for NMC since prior to 2017.

**Bid Summary**
Nine qualified firms responded to the RFP. A team from Human Resources and members of the college’s Benefits Advisory Committee comprised a review team. Based on the scope of work, proposals, and fees we invited the top four firms to present to the team in May 2024. The team agreed that Gallagher was the best choice overall based on their proven success with NMC, their niche in the Michigan Community College space, and cost.

EXHIBIT A
NORTHWESTERN MICHIGAN COLLEGE ANNEXATION PROPOSITION

If this proposal is approved,

- Residents of Benzie County would join the Northwestern Michigan College district
- Benzie County residents would pay the lower, in district tuition rate at the College
- Northwestern Michigan College would provide increased access to skilled training and certifications
- Northwestern Michigan College would provide local educational services, programming and opportunities for Benzie County residents
- Northwestern Michigan College would invest approximately $2 million each year into Benzie County for educational programs, local facilities and economic development
- Two Benzie County residents will be added to the Northwestern Michigan College Board of Trustees and an advisory board composed of local Benzie County residents and businesses will be created to advise the College how to invest in Benzie County

Shall Benzie County be annexed as a part of the community college district of Northwestern Michigan College, State of Michigan, in accordance with the provisions of Act 331, Public Acts of Michigan, 1966, as amended?

YES □ NO □

Under Michigan law, the annexation is only effective if both the Annexation Proposition and the Annexation Millage Proposition below are approved.

NORTHWESTERN MICHIGAN COLLEGE ANNEXATION MILLAGE PROPOSITION

If this proposal is approved,

- Residents of Benzie County would join the Northwestern Michigan College district
- Benzie County residents would pay the lower, in district tuition rate at the College
- Northwestern Michigan College would provide increased access to skilled training and certifications
- Northwestern Michigan College would provide local educational services, programming and opportunities for Benzie County residents
Northwestern Michigan College would invest approximately $2 million each year into Benzie County for educational programs, local facilities and economic development.

All millage funds are subject to annual independent audits and all spending will be disclosed on a public website to promote transparency and fiscal responsibility.

Two Benzie County residents will be added to the Northwestern Michigan College Board of Trustees and an advisory board composed of local Benzie County residents and businesses will be created to advise the College how to invest in Benzie County.

To support College operations and educational programs and skilled training programs in Benzie County, shall taxes currently authorized to be levied by Northwestern Michigan College, State of Michigan be assessed as new additional millage, in an amount not to exceed 2.033 mills ($2.03 per $1,000 of taxable value) beginning in 2025 and in perpetuity, on taxable property in Benzie County annexed as a part of the community college district of Northwestern Michigan College? If approved this millage would raise approximately $3,516,409 for College operations when first levied in 2025.

YES □ NO □

Subject: Backup Storage System Replacement

Board Authorization Requested
Authorize the administration to enter into a contract with Thinkmate for the replacement of the Backup Storage System at a cost of $138,373.

Background
NMC sought quotations to replace our aging backup storage system, which was installed in 2017. This system is the primary component of our data backup strategy. There are other redundant systems that NMC utilizes to protect our data in the event of a network or cyber security incident. The replacement system increases the overall backup storage capacity to meet the increasing data storage needs for several years to come.

Bid Summary
NMC has analyzed and reviewed potential replacement systems. We have solicited replacement systems from three different vendors. We have selected a system from Thinkmate in the amount of $138,373. Other quotes were received from Pogo Linux in the amount of $244,646, and Dell Computer in the amount of $511,288.

Funding Source
This purchase will be funded by the Technology Plant fund.
To: NMC Board of Trustees  
From: Carly McCall, Director of Alumni Engagement  
Date: June 14, 2024  
Subject: Foundation Board Re-Appointments

The NMC Foundation Board of Directors requests Board of Trustees' approval of the following Foundation Board re-appointments.

**REAPPOINTMENTS**

The Foundation Board recommends approval of the reappointment of Suzanne Allen, Lorraine Beers, Chris Branson, Bill Donberg, Chris Lamb, Eleanor Lynn, David Shooltz, Timothy Young, and Nancy Zimmer to the NMC Foundation Board for a term of three fiscal years, commencing July 1, 2024, and ending June 30, 2027.

The Foundation Board Development committee recognizes the gifts of time and talent these members have given the foundation and college through their service on the board. Length of service provided below for your reference:

- Suzanne Allen - since 2015
- Lorraine Beers - since 2021
- Chris Branson - since 2000
- Bill Donberg - since 2015
- Chris Lamb - since 2021
- Eleanor Lynn - since 2018
- David Shooltz - since 2018
- Timothy Young - since 2009
- Nancy Zimmer - since 2018

Subject: Parsons-Stulen Roof Refinishing

This document provides an overview and recommendation of a provider for stripping and painting the metal roof of the Parsons-Stulen building.

Background/Scope of Work
The metal roof of the Parsons-Stulen building is protected with a paint coating. This coating has failed twice since the installation of the roof, which is no longer under warranty. The scope of this project includes removing the failed resin-based paint coats and applying an elastomeric coating over primer.

Facilities recommends Full Spectrum Coatings with the slightly higher bid due to successful past performance with the Automotive Technology shop floor.

Subject: University Center Boiler Upgrade

This document provides an overview and recommendation for a provider for upgrading the end-of-life boilers at University Center Campus.

Background/Scope of Work
The University Center is served by five legacy, non-condensing boilers that are nearly 30 years old and are nearing end-of-life. The north and south zones of the building each provide approximately 1.5 million BTU heating capacity.

Bids were solicited from John E. Green Company, Sheren Plumbing and Heating, and Temperature Control, Inc. to replace these units with a high-efficiency condensing boiler system of comparable output, and also replace the gas-fired domestic hot water heater with a boiler-mate hot water tank fed by this boiler system to capture additional efficiency.

Date: June 15, 2024
Subject: Refuse and Recycling Collection Recommendation

This document provides an overview and recommendation for a contract for weekly refuse removal and recycling at the following campuses: Main, Great Lakes, University Center, and Aeropark Drive.

Board Authorization
Authorize the Northwestern Michigan College administration to enter into a contract with GFL Environment for $35,520 for weekly refuse removal and recycling at the following campuses: Main, Great Lakes, University Center, and Aeropark Drive. This contract is for a period of one (1) year beginning September 1, 2024 with a renewal option for two more years.

Background/Scope
Bids for refuse and recycling collection services are received every three years. The services include providing containers for refuse and recycled materials, as well as, weekly pick-ups as outlined on the schedule provided by NMC. The schedule was determined based on an analysis of individual campus needs. Services and costs are reduced in the summer due to reduction in need.

A formal Request for Proposal (RFP) was drafted and solicitations to bid were placed in the Record Eagle and the following companies responded:

Board Policy D-500.00
Institutional Effectiveness Criterion: Operations

Operations

NMC shall conduct College operations in a manner reflecting the highest standards of business and professional ethics, legal compliance, and accountability to the public trust. College leaders will guide the institution in establishing and accomplishing institutional directions and action plans, and in seeking opportunities to build and sustain an effective learning environment. NMC will promote goals and outcomes related culture by collecting and using data to responsibly manage its operations and to continuously improve.

In conjunction with the strategic plan, the President shall exercise and promote innovative and creative leadership in pursuit of operations at Northwestern Michigan College. In so doing the President is hereby granted full authority and autonomy by the Board of Trustees to utilize College resources to that end in any manner deemed appropriate, so long as the President exercises prudent judgment, ethical and lawful behavior, and reasonable interpretation of this policy.

1. Faculty and Staff Governance
   The President shall establish a clearly articulated system of College governance which recognizes the importance and value of the representative involvement of all members of the College community in College-wide decision-making, policy formulation and planning.

2. Human Resources—Non-unionized Employees
   a. Compensation: With respect to compensation and benefits to employees, the President:
      i. Shall establish salary and benefits plans which are competitive for the skills and services employed and allow the College to employ the best people available within its financial means.
      ii. Shall establish personnel staff policies and procedures which clarify terms and conditions of employment.
   b. Employee Treatment: With respect to treatment of employees, the President:
      i. Shall provide for effective handling of grievances and complaints; provide a just, logical and humane process by which, after careful consideration, regular faculty or staff members may be dismissed for cause; acquaint faculty and staff with their rights.
      ii. Shall articulate policy and procedures regarding retrenchment.

3. Human Resources—Unionized Employees
   a. Wages and working conditions are covered by the appropriate Collective Bargaining Agreement (CBA).
4. Fiscal Management
   a. Budgeting: The budget for any fiscal year shall not deviate materially from Board ends priorities, risk fiscal jeopardy, or fail to demonstrate a generally acceptable level of foresight.
   b. Financial Condition: With respect to the actual, ongoing condition of the College's financial health, the President may not cause or allow fiscal jeopardy or a material deviation of actual expenditures from the Board-adopted budget. The President shall provide the Board with a general operating account financial statement on a monthly basis.
   c. Asset Protection and Financial Management: The President shall ensure that the College's assets are appropriately obtained, adequately protected, and handled in a manner which meets the Board-approved auditor’s standards. Accordingly, the President:
      i. Shall adequately insure against theft and casualty losses and against liability losses to Board members, staff, or the organization itself;
      ii. Shall establish purchasing policies and procedures which give preference first to vendors from NMC’s property tax district and, second, to vendors within NMC’s service area when the factors of price, quality, compatibility, quantity, established history of quality service, and timing are essentially equal.

5. Facilities Management
   The President shall ensure that the College's facilities are adequately maintained, maintained in a safe condition, effectively used, and operated in compliance with federal and state laws.

6. Administrative Practices
   The President shall ensure that College administrative practices are in compliance with the College's desire to conduct its business in a manner reflecting the highest standards of business and professional ethics, legal compliance, prudence, and accountability to the public trust. Accordingly, the President shall develop College practices which:
   a. Strive to eliminate conflicts of interest.
   b. Provide for reimbursement of College-related travel which will meet the standards of the Board-authorized auditor.
   c. Result in continuous improvement of services and practices.
   d. Provide for efficient and effective use of College resources.
   e. Provide for effective use of technology in College operations.

If any provision(s) of this policy or set of bylaws conflicts with laws applicable to Northwestern Michigan College, including the Community College Act of 1966, the Freedom of Information Act, or the Open Meetings Act, as each may be amended from time to time, such laws shall control and supersede such provision(s).

Adopted by the Northwestern Michigan College Board of Trustees as D-1100.00 July 22, 1996
Revised September 27, 2004
Revised and incorporated into new policy D-500.00 as of December 18, 2006
Revised June 25, 2007
Revised July 23, 2007
Revised January 14, 2019
NMC shall be committed to supporting (championing) students in a learning-centered environment. NMC will seek to understand student and stakeholder needs and expectations through a variety of methods. NMC will provide quality academic and support services with the goal of meeting students’ needs in an environment of continuous improvement. The champion criterion will evaluate how well NMC understands its students’ and stakeholders’ needs and how well it supports those needs.

In conjunction with the strategic plan, the President shall exercise and promote innovative and creative leadership in pursuit of this criterion at Northwestern Michigan College. In so doing the President is hereby granted full authority and autonomy by the Board of Trustees to utilize College resources to that end in any manner deemed appropriate, so long as the President exercises prudent judgment, ethical and lawful behavior, and reasonable interpretation of this policy. The President shall:

1. Define and publish students’ basic rights and responsibilities within the college community, define and publish the college’s responsibility for the protection of those rights, and establish a student code of conduct and due process system to protect student rights and maintain order within the college community.
2. Provide a safe and drug-free learning environment and workplace for students and staff, and ensure compliance with provisions of applicable laws and regulations.
3. Respond to student assaults, sexual and other types, and charges of the same as issues of grave concern, and provide for and follow appropriate procedures for dealing with such matters.
4. Provide for and follow appropriate procedures for responding to other reports of criminal activity on the NMC campus.
5. Prohibit discrimination based upon the college’s Notice of Non-Discrimination in accordance with state and federal law, in admission, campus activities, education, employment, housing, public accommodation, or public service on the basis of age, color, disability, handicap, height, marital status, national origin, political affiliation, race, religion, sex, sexual orientation, veteran's status, or weight, and ensure that no act of retaliation shall occur to any person making a charge, filing a complaint, testifying, or participating in any discrimination investigation or proceeding. The President shall provide a procedure for complaints of discrimination.
6. Recommend tuition rates for Grand Traverse County citizens which reflect the county's property tax contribution to the college.
7. Allow any student to enroll in college-level courses who has demonstrated college readiness and eligibility.
8. Provide an appropriate level of academic support to help capable students become ready for college-level courses.
9. Encourage motivated and college-capable students of all levels of ability and scholarship to attend NMC.
10. Provide for assistance in the procurement of necessary and available financial aid on the part of those experiencing need.
11. Ensure that classes are scheduled and delivered at times, in locations, and through media which are most convenient to students and responsive to the appropriate business sector.
12. Provide for academic advising to students.
13. Provide for an academic progress monitoring system.
14. Provide for a comprehensive academic support system, including tutoring, special needs, the opportunity to meet with faculty, and other academic and extra-academic services as necessary to ensure students have access to assistance outside the classroom for their success.

If any provision(s) of this policy or set of bylaws conflicts with laws applicable to Northwestern Michigan College, including the Community College Act of 1966, the Freedom of Information Act, or the Open Meetings Act, as each may be amended from time to time, such laws shall control and supersede such provision(s).

Initially adopted by the Northwestern Michigan College Board of Trustees as D-400.00 July 22, 1996
Revised and incorporated into new policy December 18, 2006
Revised January 14, 2019
Board Policy D-700.00
Institutional Effectiveness Criterion: Culture

Work Culture

NMC shall foster a work environment that reflects the College’s values and leads to an effective work culture. NMC will be committed to the development of the talents and continuous learning of all its faculty, staff, and administrators. NMC will manage its employees through effective human resources processes.

In conjunction with the strategic plan, the President shall exercise and promote innovative and creative leadership in pursuit of an effective culture at Northwestern Michigan College. In so doing the President is hereby granted full authority and autonomy by the Board of Trustees to utilize College resources to that end in any manner deemed appropriate, so long as the President exercises prudent judgment, ethical and lawful behavior, and reasonable interpretation of this policy.

With respect to employment, the President shall provide an atmosphere of professional working conditions and ensure compliance with all applicable federal, state, and local regulations regarding employment. The President shall ensure College compliance with the Notice of Non-Discrimination; and, consistent the following statements:

1. Northwestern Michigan College does not discriminate in admission, campus activities, education, employment, housing, public accommodation, or public service on the basis of age, color, creed, disability, handicap, height, marital or familial status, national origin, political affiliation, race, religion, sex, sexual orientation, service in the military, veteran’s status, weight, or any other legally protected status under federal, state or local law. No act of retaliation shall occur to any person making a charge, filing a complaint, testifying, or participating in any discrimination investigation or proceeding.

2. Consistent with the College’s efforts to foster an environment of respect for the dignity and worth of all members of the College community, sexual harassment of students and employees at NMC is unacceptable and impermissible conduct and will not be tolerated.

If any provision(s) of this policy or set of bylaws conflicts with laws applicable to Northwestern Michigan College, including the Community College Act of 1966, the Freedom of Information Act, or the Open Meetings Act, as each may be amended from time to time, such laws shall control and supersede such provision(s).
