

# NMC web pages and content blocks

The NMC site has four main page types - the home page, interior pages ([sample page here](#)), faculty pages and program pages ([sample page here](#)).

The home page contains the following main content blocks:

- Hero Images (the slideshow)
- Featured Items (currently showing MI Reconnect and CCG)
- Featured Actions (Apply Now, Request More Info, etc.)
- Featured Programs (currently showing GLMA, GLCI, GLWSI, Audio, Aviation, CIT, Engineering, Nursing, Police Academy and Surveying.)
  - The Featured Programs section was expanded from displaying a maximum of 8 programs (along with an Explore All programs block) to a maximum of 11 programs several years ago. That number can be expanded if we want to display even more programs there.
- Life at NMC
- News & Events - auto-populated with news releases tagged to appear on the homepage

Interior and program pages contain the following main content blocks:

- Top Content (with a single header image or an accent image, H1 title and optional H2 subtitle and background image)
- Main Content
- Re-used Content (allows addition of reusable content blocks like career coach widgets)
- Main Content below - if needed to place content below Re-used Content
- 3 Column Row (above main content, displays a trio of images along with subheads and text if needed)
- Breakout Boxes (optional sidebar content that can also include reusable content blocks like Apply Now buttons)
  - Single Image
  - Top Sidebar Box
  - Bottom Sidebar Box
- Videos (can appear above or below the Main Content and /or at the top of Top Sidebar Box or Bottom Sidebar Box content)

Faculty pages are based on the interior page type but also allow the inclusion of NMC staff via their NMC IDs. Examples include all of the program faculty pages and [nmc.edu/departments/public-relations/contact-us.html](http://nmc.edu/departments/public-relations/contact-us.html), which also includes a contact form manually added to the Main Content block. The Staff List page at [nmc.edu/departments/human-resources/staff-list.html](http://nmc.edu/departments/human-resources/staff-list.html) is a specialized one-off version of the faculty page type that pulls in the entire list of NMC staff and adds in-page letter navigation.

Program pages also contain the following main content blocks:

- Three Icon Row (a single row of icons and subheads like on [nmc.edu/audio](http://nmc.edu/audio) under the career coach widget)
- Three Block Row (up to 2 rows of solid color blocks with text and links like the Real-world experience, Explore careers etc. blocks on [nmc.edu/audio](http://nmc.edu/audio))
- Three Tile Row (up to 5 rows of blocks with background images and linked text overlays like the Aviation, Business etc. blocks on [nmc.edu/programs](http://nmc.edu/programs))
