YOUR GUIDE TO STUDENT EMPLOYMENT
AT NMC

A student employee is a part-time employee who is enrolled in and regularly attending classes at Northwestern Michigan College. The student's primary purpose for being at NMC must be to further his/her education. Student employment is temporary and incidental to the pursuit of an education; supervisors should schedule their work around classes, exams, or study time.

STUDENT EMPLOYMENT REQUIREMENTS

To be eligible for student employment at NMC, a student must:

1. Be enrolled at least half time during that semester (minimum NMC academic credits: 6 academic credits for fall; 6 academic credits for spring; 3 academic credits for summer during the regular 8 week summer session beginning in June)
2. Not work more than twenty (20) hours per week when classes are in session.*
3. Work only one College job at a time (unless authorized by Human Resources)
4. Not consider classes offered by University Center Partners as NMC classes for purposes of student employment.

*During semester breaks and summer semester, student employees may work up to forty (40) hours per week.

STATE RETIREMENT SYSTEM

The Michigan Public School Retirement System (MPSERS) regulations state that student employees are only exempt from MPSERS if they are full-time students. Student employees will remain exempt from the MPSERS retirement system if you are considered full time students, enrolled in at least the following number of credits: Fall 12 credit hours; Spring 12 credit hours; Summer 6 credit hours.
If you are a student attending NMC less than full time, you will be required to enroll in the MPSERS system. If this applies to you and you are already a member of MPSERS through previous employment at a Michigan public school, you will remain in your original MPSERS plan and contribute at that level. If not, you will become a member of the Pension Plus Plan and contribute according to this new plan. For information, visit their website at www.mipensionplus.org Pension Plus has a pension component and a savings component, both of which require employee contributions. If you are a new member of Pension Plus, you will have an opportunity to choose between two retirement plans within 75 calendars days after your first pay date. Human Resources will provide you with more information on these choices.

Students may add classes right up until the class starts in order to increase the number of credit hours taken for a semester. Please note that late starting classes added after official "count day" however, will not be included.

Examples:
- Fall 2017 fifteen week classes can be added through August 25, 2017.
- Fall 2017 official count day is September 5, 2017. Late start classes added after this date would not be counted.

We will determine your full-time or part-time student status at the beginning of the semester and recheck it on count date to see if your final status changes. Your MPSERS status will then not change for the remainder of the semester.

**PAY PERIODS**

NMC pays on a bi-weekly basis every other Friday. Paychecks will be delivered to your supervisor for distribution or directly deposited into your bank account. It is the policy of the College not to make pay advances for student employees.

**STUDENT EMPLOYMENT ADVANTAGES**

Working on campus is convenient and time efficient. If you have morning classes and several hours free before your next class, you can fill them with employment that is within walking distance of your classes. NMC supervisors also recognize the fact that you are here primarily for academic purposes and are happy to schedule your work around classes, exams, or study time. Your school year schedule could look something like this:

**HIRING PROCEDURES**

Students seeking part-time employment while attending NMC can apply to any open student employment positions online at through [MyNMC](http://www.mynmc.edu).

**KINDS OF STUDENT EMPLOYMENT**

Employment is a vital source of financial aid for students. There are two student employment programs at NMC: the **Student Employee Program** (College funded) and the **Federal College Work Study Program** (federally funded). Because there are limited College funds budgeted by the various departments for student employees, some employment opportunities may be open only to student employee applicants approved for College Work Study Programs.

The purpose of the College Work Study Programs is to expand part-time employment opportunities for students who are in need of earnings from such employment in order to pay college expenses. Eligibility for the College Work Study Program is determined by the Financial Aid Office (located in the Tanis Building), based on federal guidelines. Students are encouraged to apply for financial aid in order to be eligible for open positions restricted to Work Study students.

**HIRING OF INTERNATIONAL STUDENTS**

Immigration regulations place certain restrictions on hiring alien persons who are enrolled as students in educational institutions in the United States. An enrolled international student with an F-1 visa who maintains satisfactory grades (2.0 or higher) is permitted to work part-time on campus for a maximum of twenty (20) hours per week without requesting special permission from the United States Bureau of Citizenship and Immigration Services. The Business Office requires international students to have a social security number for payroll reporting purposes.

Before completing their tax forms for employment, all international students must check with the Business Office Payroll Team (Peggy Shinn (ext. 5-1942) or Mark West (ext. 5-2320) to determine if a foreign tax treaty applies to them.

To work off campus, international students must obtain permission from the Immigration and Naturalization Service. Students with J-1 visas must obtain permission to work in any capacity. For more specific information, consult the International Recruiter/Advisor (ext. 5-1082).

**STUDENT EMPLOYEE ORIENTATION PROGRAM**

Within the first six weeks of employment, new student employees and their supervisors are strongly encouraged to cover and complete the items listed in the **Student Employee Orientation Checklist**. You will receive the checklist through RedCarpet as a task. This will help the student better understand the position and provide valuable professional development to him/her.
