

Northwestern Michigan College (NMC) Articulation Agreement and Transfer Guide

With the rapid growth of competitive video gaming in recent years, opportunities in professional esports disciplines are becoming widely prevalent. The Professional Esports Production program combines creative prowess with technical expertise to prepare students for careers in one of the booming fields. With focus areas in Production, Content Creation, Streaming, and Interactive User Interface Design, students learn to produce and distribute creative content; use equipment to setup, host, and stream professional esports events; and develop programmable screen overlays and user interfaces. The recommended concentrations allow students to further expand in-depth knowledge in specific areas such as Coaching and Event Management. Multiple hands-on courses provide students with real-world experience and long-term career opportunities upon graduation.

Advising Notes

It is recommended that potential applicants meet with an advisor to review the degree, course schedule, transfer policies and have any questions answered prior to completing an application. Ferris accepts transfer courses in which the student earned a letter grade of "C" or better. Additional policies such as the Ferris Sunset and Residency Requirement should be discussed with a Ferris advisor. Students who are completing the MTA may have different general education course requirements for the particular degree selected.

Meeting with a Ferris advisor prior to the selection of general education or elective course work may reduce the chance of completing a course that will not apply toward the selected degree. Students must work with their Ferris advisor to declare a Minor or Concentration and for selection of Directed Electives.

Once admitted, students are required to complete an orientation and should continue to meet with an advisor as they work toward graduation.

To schedule an appointment or for additional transfer resources and policies see our Transfer Resource page at www.ferris.edu/transfer/collegetransfer.

Reverse Transfer Agreement

Ferris has reverse transfer agreements with several Michigan Community Colleges. Under such agreement, Ferris will provide your official University transcript to a partner school you have attended so that they MAY grant you an associate or bachelor degree upon completion of sufficient and appropriate credit hours from both institutions. In turn, the degree granting institution will provide Ferris with an updated transcript reflecting the newly earned credential.

Michigan Transfer Agreement (MTA)

Ferris participates in the Michigan Transfer Agreement (MTA). This agreement will facilitate the transfer of general education requirements from one Michigan institution to another. Students may complete the MTA as part of a degree program or as a stand-alone package. The MTA consists of a minimum of 30 general education credit hours as identified by the college or university.

Students transferring to Ferris with the Michigan Transfer Agreement (MTA) and entering a degree program will have met a 30-hour block of lower-level general education courses. However, this does not exempt students from completing program specific prerequisites or higher-level general education course requirements. Students should contact their advisor regarding classes that meet the MTA.
