

Aviation Specialty

With Northwestern Michigan College
BBA in Management

Northwestern Michigan College

Davenport's Bachelor of Business Administration (BBA) degree in Management with an Aviation Specialty is designed to maximize your career potential. This program builds on your aviation knowledge by teaching the leadership and change management skills that today's employers want. You'll learn managerial skills that influence organizations and support business growth, risk management and effective decision-making. The program also integrates data analytics, project management, quality management and business strategy skills. Davenport University was founded in 1866 and the Donald W. Maine College of Business continues to produce outstanding business leaders. Set yourself apart in today's business and aviation environment with this outstanding degree!

The BBA in Management with an Aviation Specialty can be completed in-seat or online.

Why DU?

- Recognition of your completed Flight Instructor Certificate as academic credit.
- Experienced Advising and student support available in Traverse City.
- Davenport Traverse City has a 20+ year relationship with Northwestern Michigan College Aviation that acknowledges your experience.
- Financial Aid Consortium agreement allows attendance at both schools concurrently.
- Flexibility of classroom or online courses to meet your schedule and keep you on track for completion.
- Emphasis is on critical thinking and problem solving developed using case studies and client-based projects to reinforce real-world use of business problem solving.

Davenport University

- We are a private, non-profit university preparing students for a career.
- We award \$15 million in scholarships each year.
- We keep a low student-to-faculty ratio.
- We specialize in flexible online or on-campus classes days and evenings.
- We are accredited by the International Assembly for Collegiate Business Education and by the Higher Learning Commission.
