(Narrator) How to apply for non-NMC, also known as External, scholarships.

We're going to start at the main nmc.edu homepage. From there, you can select from the Financial Aid menu, Scholarships. Be sure to review general scholarship eligibility information available on this page. Click the Apply for NMC Scholarships Now to go out to the scholarship database.

Note that you do not need to be a student at NMC or have an NMC ID to log in and view, and apply for external opportunities. However, you can view these opportunities in the same location if you are a student and logged in to your scholarship account.

So from the Opportunities tab, we're going to select External. Please note the list of external scholarships below are offered by other organizations and entities. Northwestern Michigan College has no affiliation with these scholarships, and all questions should be directed to the contact information listed for that scholarship.

Simply click on the scholarship you are interested in learning more about or applying for. Each listing will provide you information about the scholarship criteria and how to apply. Review the information provided. Some listings may provide you more information on a website, as you will see a Visit link here (screenshot of the page highlighting a “Visit” link at the bottom of the page), while others may list an email, phone number, or other contact information to the donor for details on how to apply.

Good luck in your external scholarship search!
